

**M25 JUNCTION 10/A3 WISLEY INTERCHANGE IMPROVEMENT SCHEME  
PROPOSED M25 JUNCTION 10/A3 WISLEY INTERCHANGE DEVELOPMENT  
CONSENT ORDER (“DCO”)**

**ROYAL HORTICULTURAL SOCIETY (“RHS”) – REGISTRATION NUMBER  
20022900**

---

**CAH CLOSING REPRESENTATIONS**

---

These representations are submitted on behalf of the RHS. Richard Max & Co LLP are the duly appointed solicitors to the RHS and are authorised to submit these comments and other documents on its behalf.

1. HE did not respond to the specific concerns raised by the RHS.
2. The RHS says that there is no compelling case in the public interest justifying the CPO of these plots:
  - The DCO Scheme is not proportionate;
  - HE has ducked impacts on the RHS;
  - There is private harm that will lead to the economic devastation of the RHS Garden.
3. Wisley Lane Left out has not been addressed.
4. A green bridge was promised but not delivered.
5. The arrangements at Inset A (existing garden exit to be converted to Exit and Entrance) is a necessity to the RHS.
6. Loss of trees along the A3 and now the Overbridge area remain a concern.

7. The loss of trees may not be covered by Statutory compensation. There is an economic loss to be valued.
