Dear Natasha Kopala,

RE: Planning Act 2008 (as amended) and the Infrastructure Planning (Examination Procedure) Rules 2010

Thank you for your letter on behalf of the Secretary of State dated 15 February 2021 regarding the application by Highways England for an Order Granting Development Consent for the M25 Junction 10/A3 Wisley interchange improvement project.

Please find below the response to the request for comments from all interested parties from Guildford Borough Council, regarding question one from the Secretary of State:

'1. Applicant's Response to the Proposal by the Secretary of State for Reduced Replacement Land ("RL")'

The council has not opposed the Applicants approach to replacement land within the application for the Development Consent Order, as the importance of the replacement land was agreed upon.

We do not have any further comments to make on the Applicant's response to the first question in the Secretary of State's consultation letter from the 20 January 2021.

If you have any further questions, please let us know.

We also support the comments made by Surrey County Council and Elmbridge Borough Council in their assessments.

If you have any further questions, please let us know.

Yours sincerely

Tim Dawes
Planning Development Manager
