**WIDENING OF BRIDGE AT ALLERDENE**  
**A1 - BIRTLEY - TO - COAL HOUSE IMPROVEMENT SCHEME**

Dear Sir

Following our attendance at the meeting to discuss the widening of the bridge at Allerdene, we were shocked that no plans were available to view.

On learning exactly where and what was involved we were greatly concerned. Widening and moving the bridge will bring more traffic into the area, Smithy Lane as it implies is a narrow lane leading to Lamesley Village, with our Church and Village Hall at the crossroads, we believe the widening of this bridge will produce more traffic causing problems for Village and Village Buildings.

Also pollution, inconvenience and traffic noise to our beautiful historic Village of Lamesley.

*Yours faithfully*
