1 INTRODUCTION

1.1 Purpose of this document

- 1.1.1 This Guide to the Documents to be Certified (this “Guide”) relates to an application made by Highways England (the “Applicant”) to the Secretary of State for Transport via the Planning Inspectorate (the “Inspectorate”) under the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (DCO). If made, the DCO would grant consent for the A1 Birtley to Coal House (the “Scheme”). A detailed description of the Scheme can be found in **Chapter 2** of the Environmental Statement (ES) [APP-023].
- 1.1.2 The purpose of this Guide is to help the Examining Authority and interested parties understand the draft DCO through identifying the latest version of any document that it is to certify. It also aims to help the Examining Authority and interested parties understand the parameters for implementing the DCO and how it will be implemented.
- 1.1.3 This Guide has been submitted with the application and will be updated where necessary throughout the examination to confirm:
- Any revised versions of any application documents; and / or
 - Any additional documents produced since submission of the application
- that would be certified documents were the Secretary of State to grant development consent on the basis of the DCO as drafted at the point of issue of this Guide.
- 1.1.4 The documents identified in the table below replicate those listed in Schedule 12, ‘Documents to be Certified’ in the final draft DCO submitted at Deadline 11.

2 GUIDE TO THE DOCUMENTS TO BE CERTIFIED

- 2.1** Submitted on **17 July 2020** to provide an update as part of the Deadline 11 submission for examination. This relates to the DCO Application documents that are currently undergoing examination as well as those relating to the proposed changes to the Scheme that are described in the Summary of Proposed Changes to Application document that was submitted to the Inspectorate on 14 January 2020 **[AS-009]**.

Rows coloured grey in the table below indicate superseded versions of documents.
