J.1 Land interests consulted under s42(1)(d)

- J.1.1 The following tables set out all persons consulted under section 42(1)(d) of the Planning Act 2008, grouped according to the date on which they were notified of their opportunity to respond to the Statutory Consultation proposals. Persons notified at the Supplementary Consultation and later phases of consultation were also provided with the opportunity to respond to each new as well as earlier, completed phases of consultation, including the Statutory Consultation.
- J.1.2 Each land interest holder was given a bespoke Contact ID number by the Applicant, which is listed in the first column in each of the following tables.
- J.1.3 Table J.1 to Table J.11 show the persons with an interest in land consulted under section 42(1)(d) that are listed in the Book of Reference (Application Document 4.2). In some instances, the same person may have been consulted more than once under section 42, at multiple phases of the consultation process. Persons with an interest in land consulted under section 42(1)(d) but are not listed in the Book of Reference (Application Document 4.2) because their land interest is no longer affected by the Project, are identified in Table J.13.
- J.1.4 Table J.12 lists the persons with an interest in land that were identified after the end of the Local Refinement Consultation, following ongoing diligent inquiry by the Applicant. The Applicant wrote to these land interest holders and invited them to provide comments on the Project during the next stage of the planning process.
- J.1.5 In a small number of instances, the Applicant has been unable to serve a section 42 notice on a person with an interest in land listed in the Book of Reference (Application Document 4.2). These instances are as follows.
- a. In respect of Contact ID ORG10001725, the Applicant understands this company is in liquidation but is still registered as the owner of the affected land interest at HM Land Registry. Correspondence, including a section 42 letter, has been returned to the Applicant. This instance is included in the list of undeliverable mail in Table J.14.
 - b. In respect of Contact ID CON1000224 and CON1000225, the Applicant is aware that both individuals are deceased. The Applicant is aware that their interests are now held by executors who have been consulted under section 42 separately.

- c. In respect of CON10058219, the Applicant understands that the individual no longer lives at the address registered at HM Land Registry in respect of their interest. The Applicant has been able to contact relatives of the individual, but they are not aware of a forwarding address for the individual. All correspondence to date, including a section 42 letter, has been returned to the Applicant. This instance is included in the list of undeliverable mail in Table J.14.
- d. Finally, in respect of CON20057155, the Applicant understands that the individual no longer lives at the address registered at HM Land Registry in respect of their interest. The Applicant has been able to identify potential means to contact the individual through desktop research. The Applicant has not however received a response from the individual. All correspondence to date, including a section 42 letter, has been returned to the Applicant. This instance is included in the list of undeliverable mail in Table J.14.

J.1.6 Records of undeliverable section 42(1)(d) mail are set out in Table J.14 of this Appendix, along with a note of the action taken by the Applicant in those instances.

J.1.7 In relation to some of the land interest holders identified in Table J.10, the Applicant became aware that not all the letters had been sent in the post on 11 May 2022 as planned. A number of letters were sent in the post on 13 May 2022 instead, whilst a small number were issued as planned on 11 May. The Applicant therefore wrote to those persons with an interest in land who received their letter after the launch of the consultation, to explain that an error had occurred and to confirm that an extension to the deadline for responding to the consultation would be given in order to cover the period of delay in receiving the original letter. The extended deadline for responses in those cases was 22 June 2022, meaning that an extension of 2 days to the original date for responses was provided.

J.2 Undeliverable mail

- J.2.1 The following table sets out the details of all section 42(1)(d) notification letters that were returned to the Applicant as undeliverable, for the section 42(1)(d) consultees listed within the Book of Reference. It also sets out how the Applicant has undertaken diligent inquiry to deal with any instances of undelivered mail.
- J.2.2 A small number of instances of undeliverable mail in relation to persons who do not feature in the Book of Reference are not included in Table J.14, because intervening changes to the Project or changes in the ownership of land interests mean they are no longer a person with interest in land affected by the Project.
