# 1 Introduction

## 1.1 Purpose of this document

- 1.1.1 This document provides a guide to National Highways' A122 Lower Thames Crossing (the Project) Development Consent Order (DCO) application.
- 1.1.2 This is a live document that will be updated throughout the examination period and submitted for each deadline.

## 1.2 Master document list

- 1.2.1 The master document list at Table 1.2 provides a full list of all documents submitted to date, indicating the latest version and if applicable, where a document has been superseded.
- 1.2.2 For ease of navigation the documents are grouped by volumes as listed within Table 1.1.

**Table 1.1 Document Navigation**

Volume	Content
1 Application Form / Information / Background	The completed application form, cover letter and section 55 acceptance of applications checklist, introduction to the application, navigation document and electronic application index.
2 Plans / Drawings / Sections	These include plans that illustrate the location of the Project; the land that will be acquired or used (land plans); Crown land; special category land; the general arrangements; proposed works (works plans); rights of way and access; streets subject to temporary restrictions of use; engineering drawings and sections; traffic regulation measures; classification of roads; tunnel area; structures; river restrictions; tunnel limits of deviation; drainage; temporary works; hedgerows and tree preservation order.
3 Draft Development Consent Order	This is the document that sets out the legal powers that the Applicant is seeking to enable it to build, operate and maintain the Project, together with the Explanatory Memorandum explaining the provisions of the DCO. This volume also includes the Consents and Agreements Position Statement which sets out the strategy for obtaining the consents and associated agreements needed to implement the proposed Project, as well as a validation report for the drafting of the DCO.
4 Compulsory Acquisition Information	Documents setting out in tabular form the land to be acquired or used, reports justifying the seeking of compulsory acquisition powers over this land and evidence to support the availability of funding to deliver the Project (including the Funding Statement, Book of Reference and Statement of Reasons).
5 Consultation and engagement	The Consultation Report sets out the methodology and outcomes of the consultation undertaken between 2016 and 2022 and how responses to the consultations have been taken into account. This volume also includes the Statement of Engagement, Statement of Commonality, Statements of Common Ground and Statement

Volume	Content
	responding to Local Authority stated positions on Adequacy of Consultation.
6 Environmental Impact Assessment (EIA) Information	The Environmental Statement: an assessment of the likely significant effects (both positive and negative) of the Project on the environment and a description of mitigation measures proposed to reduce any negative effects. This volume includes other environment related documents including the Non-Technical Summary, Code of Construction Practice including the Register of Environmental Actions and Commitments, outline Site Waste Management Plan, outline Materials Handling Plan, Water Framework Directive Assessment, Flood Risk Assessment, Scoping Opinion and Responses, Habitats Regulations Assessment - Screening Report and Statement to Inform an Appropriate Assessment, Statement of Statutory Nuisance and outline Landscape and Ecology Management Plan. Plans showing environmental features and proposed mitigation are also included.
7 Other Documents	Additional documents that support the DCO application; these are not legally required but provide useful information on the case for the Project. These include the Need for the Project, Planning Statement, Section 106 Agreements – Head of Terms, Project Design Report, Design Principles, Road User Charging Statement, Combined Modelling and Appraisal Report, Traffic Forecasts Non-Technical Summary, Transport Assessment, Health and Equalities Impact Assessment, Sustainability Statement, Wider Network Impacts Management and Monitoring Plan, Framework Construction Travel Plan, outline Traffic Management Plan for Construction, Preliminary Navigational Risk Assessment, Community Impact Report, Interrelationships with other Nationally Significant Infrastructure Projects and Major Development Schemes, Worker Accommodation Report, Carbon and Energy Management Plan. Benefits and Outcomes Document and Stakeholder Actions and Commitments Register.
