# 1 Introduction

## 1.1 Context

- 1.1.1 This document forms Part 9 of the Flood Risk Assessment (the FRA) for the A122 Lower Thames Crossing (the Project).
- 1.1.2 The FRA forms Appendix 14.6 (Application Document 6.3) of the Environmental Statement.

## 1.2 Form of assessment

- 1.2.1 The FRA is presented in nine principal parts and one affiliated part. These parts and a brief description of their contents are detailed in Plate 1.1.
- 1.2.2 For the purposes of the FRA, the Project has been divided into five discrete flood risk catchments (EFR-1 to EFR-5). These catchments are listed in Table 1.1 and are shown on Drawing 00100.

**Table 1.1 FRA Catchments**

Catchment	Title
EFR-1	South of River Thames
EFR-2	North Portal to Chadwell St Mary
EFR-3	A13 junction
EFR-4	Ockendon Link
EFR-5	North Section

- 1.2.3 All drawings referenced in the FRA can be found in this document.

## 1.3 Basis of assessment

- 1.3.1 The FRA is based on the design as presented in the Development Consent Order application.
- 1.3.2 The FRA includes an assessment of flood risk for both the construction and operational phases of the Project.

## 1.4 Drawings

- 1.4.1 This part of the FRA lists the drawings that have been prepared for each part of the FRA. The sections of this part are detailed in Plate 1.2.
- 1.4.2 Drawing numbers referred to in the FRA text are abridged versions of the numbers as they appear on the drawings. The five-digit drawing numbers that are used in the FRA text are unique for each drawing; these five digits form the last part of the unabridged drawing number. These unique numbers all have the

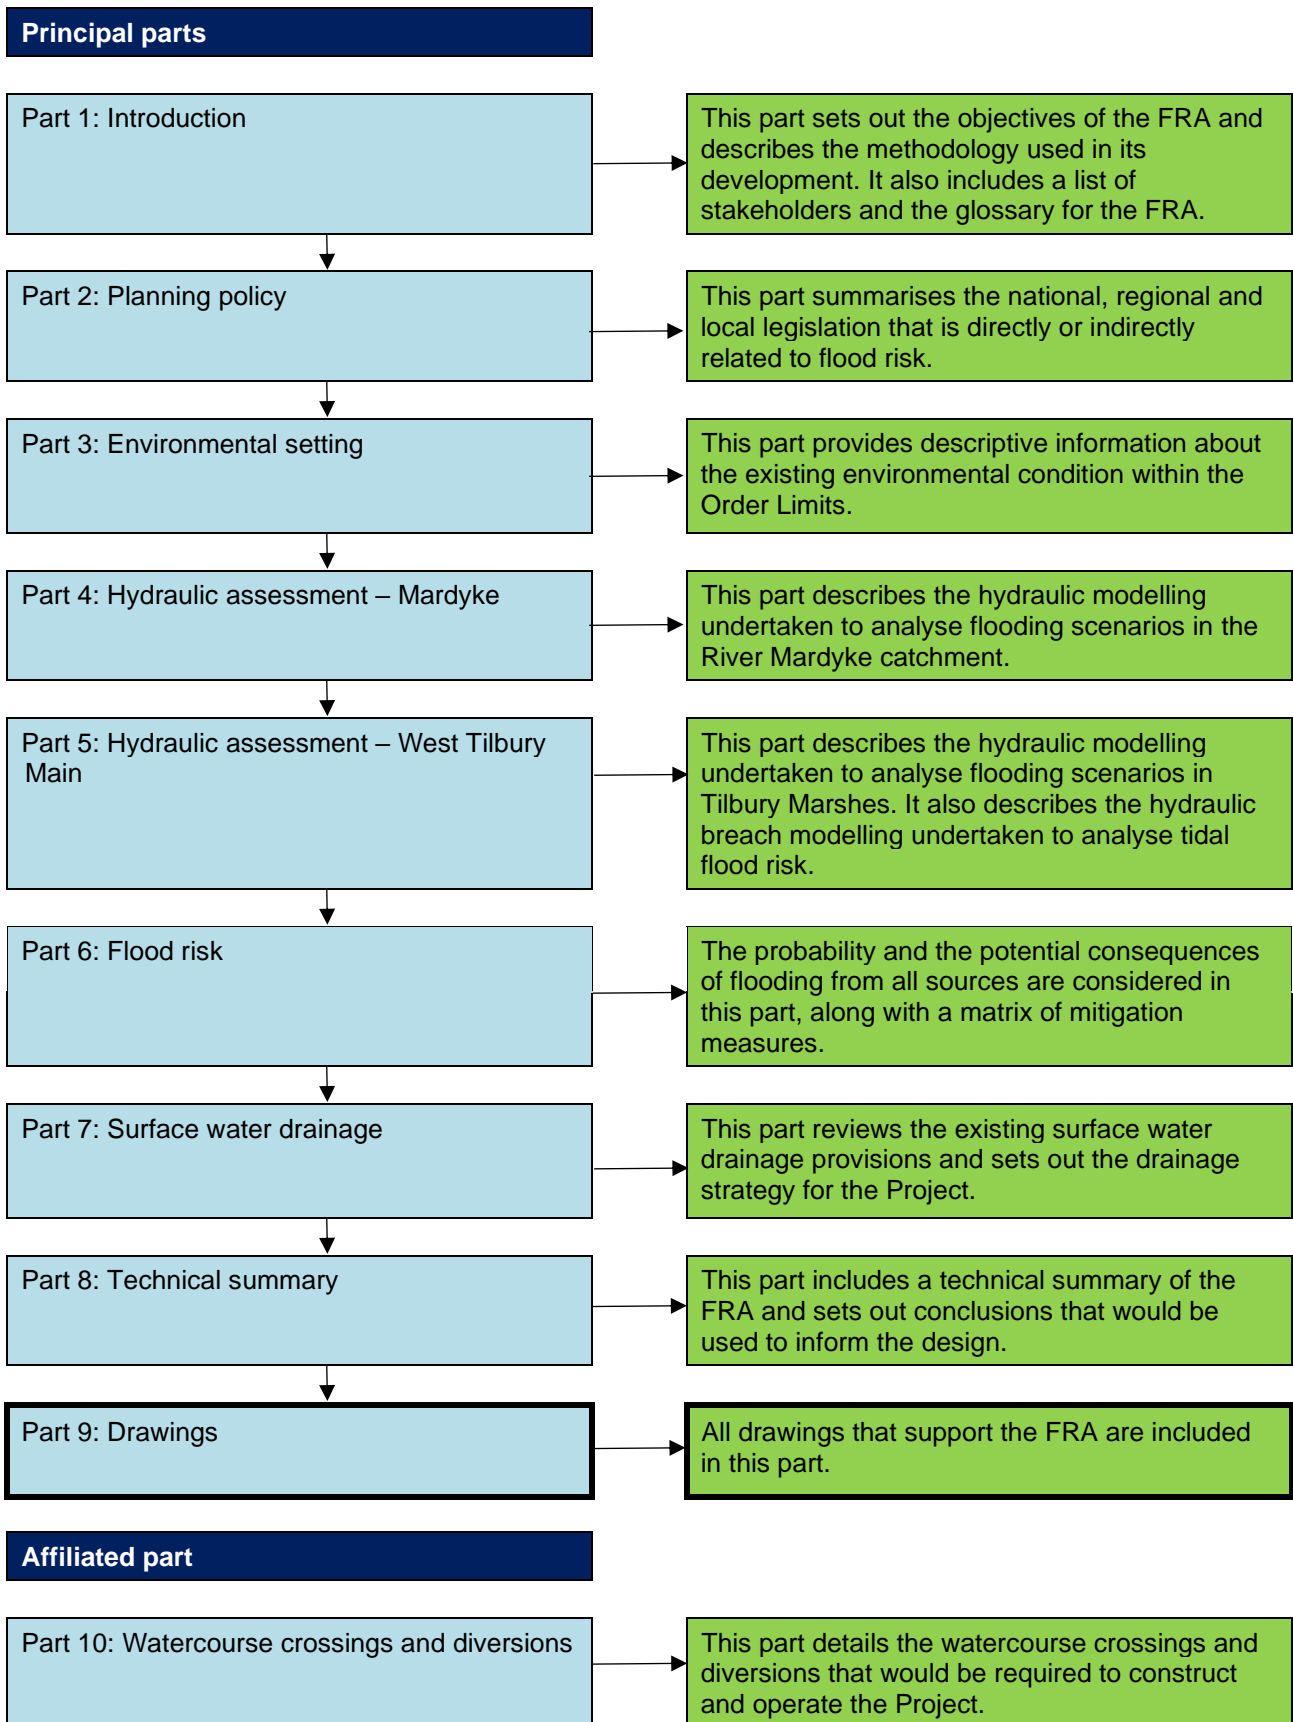

same prefix: HE540039-CJV-EFR-SZP\_GNZZZZZZZZ-DR-LF<sup>1</sup>. The drawing numbers listed in Sections 2, 3 and 4 of this part of the FRA are shown in full.

- 1.4.3 The Part 9 drawings have been presented in Annex A-H. The schedules presented in Section 2, Section 3 and Section 4 detail the Annex reference for each drawing.

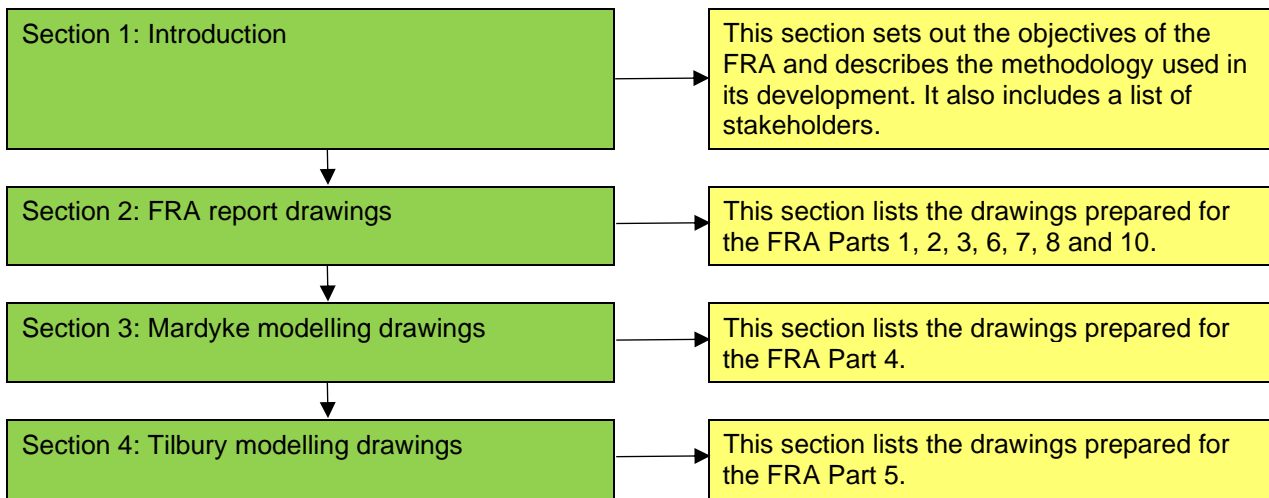

---

<sup>1</sup> The file naming convention for Project drawings uses attributes of the drawings to form this prefix. These attributes comprise project details, location and orientation of the drawing and details regarding the workstream responsible for preparing the drawing.
