Lower Thames Crossing

Planning Inspectorate Reference: TR010032

Procedural Deadline B (PDB)

I support Thurrock Councils position to propose an extension to timescales related to the process. The section 114 notice was not at fault directly of the officers and consultants related to the Lower Thames Crossing work and any detrimental affect with directly impact the ability of the authority to give the full attention this deserves.

Thurrock stands to be one of the most affected areas of the proposed route and extensions to procedures to allow for a full representation would benefit all parties involved especially the residents of Thurrock.

Other authorities also made comment that the deadlines would be difficult to meet with only Gravesham I believe saying it has that aspect confidentially covered.
