62							Detailed engagement has been ongoing since August 2018. Multiple survey consent forms have been agreed to facilitate Applicant surveys, including agreement of compensation therefrom. Negotiations are progressing on an acquisition by agreement basis and valuations have been exchanged. A property search has also been undertaken to assist the landowner in identifying relocation options and the Applicant has also offered to engage and assist the agent with calculating a disturbance estimate to provide a global estimate of compensation. The Applicant has responded to the landowners relevant representation and offered a Statement of Common Ground to record the position.

On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.			N/A	N/A

H. Cole & Sons. Proposals for a replacement area for the Showground were presented prior to Design Refinement consultation and subsequently not progressed following feedback from the company. Proposals for a gas pipeline diversion have been refined to reduce impact and the amount of Showground land in the Order Limits. This would ensure that the site could continue to operate during construction of the Project. The Applicant would work with the company to mitigate impacts during construction. Opportunity to acquire the permanent land interests required has been discussed.	RR-0805	N/A

875					Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.
