On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. 1015					In regular contact with landowner via in-house agent especially in respect of ground investigations and archaeological/utility trial trenching as well as liaison with Veolia's farm tenant. Several meetings have been held to discuss mitigating the impact on Veolia site and in particular use of their access road (Medebridge Road) as a Project construction haul road and also potential conflicts arising with Environment Agency 'permitting' issues. Veolia is therefore fully aware of the Project and its potential impact upon their property. A draft side agreement based upon an initial draft agreement submitted by Veolia in their Written Representations is being negotiated and will hopefully be completed before the end of Examination.
