1 Introduction

1.1 Purpose of this document

1.1.1 This Schedule of CA & TP Objections: LTC (“Objections Schedule”) relates to the A122 Lower Thames Crossing (the Project) and has been submitted by National Highways (the Applicant) to the Planning Inspectorate acting on behalf of the Secretary of State for Transport. It relates to an application for a Development Consent Order (DCO) to permit and enable implementation of the Project made under section 37 of the Planning Act 2008 (as amended) (the 2008 Act).

1.1.2 This Objections Schedule has been produced in response to the Examining Authority's (ExA's) first written questions, in particular, The acquisition and temporary possession of land and rights (CA & TP): Due Diligence: ExQ(1) 15.1.1, which requested:

“...the Applicant is requested to complete the attached Objections Schedule with information about any objections to the CA and/ or TP proposals, and at each successive deadline to make any new entries, or delete any entries that it considers no longer apply, taking account of the positions expressed in relevant representations (RRs) and written representations (WRs) and giving reasons for any additions or deletions. (See Annex A to ExQ1 below).

The Objections Schedule should be titled ExQ1.15.1.1: Schedule of CA and TP Objections: LTC. The Schedule should be provided with a version number that rolls forward with each deadline. A revised schedule need not be provided at a deadline unless the Applicant becomes aware that data and assumptions on which the previous deadline schedule submission was made have changed. However, where a revised schedule is not provided, a confirming note of 'no changes' should be submitted at the deadline”.

1.1.3 Accordingly, the Applicant has prepared this Objection Schedule based upon the template provided by the ExA in Annex A of their first written questions.

1.2 Objections Schedule notes

1.2.1 The Objections Schedule aggregates data from multiple sources, namely:

- a. Relevant Representations Library: on 12th April 2023 the ExA published a definitive record of the valid Relevant Representations received between 9th January 2023 and 24th February 2023. The references attributed to each relevant representation within the Relevant Representations Library have been adopted in the Objections Schedule.
- b. Written Representations: on 24th July 2023 the ExA updated the Examination Library with Written Representations. The references attributed to each written representation within the Examination Library have been adopted in the Objections Schedule.

- c. 4.2 Book of Reference submitted at Deadline 5, [\[REP5-030\]](#): the land interest name, nature of interest and plot numbers contained within the Objection Schedule derive from the Book of Reference.
- d. Draft Development Consent Order [\[REP5-024\]](#) articles 25, 28 and 35 refer to the powers of compulsory acquisition the Applicant seeks. These powers and rights are categorised into the following abbreviations within the Objections Schedule: CA - Compulsory Acquisition, CAR - Compulsory Acquisition of Rights, CAS - Compulsory Acquisition of Subsoil, CASTPS - Compulsory Acquisition of Subsoil and Temporary Possession at Surface, TP - Temporary Possession.

Deleted: [REP4-102](#)

Deleted: [REP4-094](#)

1.2.2 This Objections Schedule should be read in conjunction with the following documents:

- a. [Land Plans being submitted at Deadline 5 \[REP5-004, REP5-006 and REP5-008\]](#)
- b. [Statement of Reasons \[REP5-028\] including the following;](#)
 - i. Annex A explaining the purpose for which plots are required
 - ii. Annex B summarising engagement and negotiations
- c. Applicant's comments on WRs Appendix F – Landowners [\[REP2-051\]](#)
- d. Applicable Statements of Common Ground where they are referenced in the Status of Objection column
- e. Other DCO documents which are specifically referenced in the Status of Objection column.
- f. [Post event submissions following Compulsory Acquisition Hearings \(as relevant\)](#)

Deleted: Land Plans being submitted at Deadline 5 [Document Reference [2.2]] ¶ Statement of Reasons [\[REP4-100\]](#) including the following:

1.2.3 In accordance with ExQ(1) 15.1.1, this Objections Schedule only sets out known objections to compulsory acquisition powers. The examining authority should consult the negotiations schedule, Annex B of the Statement of Reasons [\[REP5-028\]](#), for details of correspondence with parties who have not made a formal objection.

Deleted: [REP4-100](#)

1.2.4 This Objections Schedule excludes those persons who have made a Relevant or Written Representation if they are within Category 3, because no land would be taken compulsorily. Category 3 is explained within the Book of Reference [\[REP5-030\]](#), as defined by Section 57 of the 2008 Act, as persons who may submit a claim under section 10 of the Compulsory Acquisition Act 1965, part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the 2008 Act.

Deleted: [REP4-102](#),

1.2.5 The Objections Schedule should be considered a live document which will be reviewed and updated during the examination period when the Applicant becomes aware that data and assumptions on which the previous deadline schedule submission was made have changed.

1	Adam Paul John Jenkinson		RR-0225	N/A		Part 1	Permanent	10-17	Yes	The Applicant understands the landowner objects to the CA of their interests. The Applicant met with David South's agent and wrote to Mr South on 1/2/22 to explain the proposals to acquire land for nitrogen deposition compensation. The Applicant engaged regularly with the agent and met with David South, Christopher South and the agent on 11/10/22 during which the landowner objected to the proposals. Following the meeting the Applicant was advised that the land required, previously owned solely by David South, was being divided into multiple titles owned by different family members. The Applicant has offered further meetings to discuss the proposals however there has been no further direct engagement with the landowner since the meeting. Regular meetings have been held with their agent but the Applicant understands that no instructions have been received from the landowner to progress discussions or a voluntary agreement. The Applicant remains willing to engage with the landowner regarding this and is in contact with the agent to progress if the landowner wishes to do so.

2	AJA Booth Voluntary Settlement		RR-1114	REP1-310		Part 1 & 3	Permanent	04-05	Yes	<p>The Applicant understands the landowner objects to the acquisition of plot 06-171 for environmental mitigation.</p> <p>The Applicant has met with the landowner on multiple occasions to discuss Project land requirements prior to DCO submission, and accommodated a design request for plot 06-171 to a more 'friendly' shape as proposed by the landowner. The landowner's agent suggested resolution of this design request was required prior to progressing voluntary agreement. Following the Applicants accommodation of the landowners design request, the Applicant subsequently understood the landowner does not wish to progress voluntary agreement discussions on account of the consideration payment being too small to incentivise agreement. The Applicant notes the landowner has also suggested relocating plot 06-171 to neighbouring land, making reference to this further suggestion in their RR-1114 and again in their WR, REP1-310. The Applicant responded directly to the landowners RR-1114 on the 15th March 2023 stating its reasons why moving this land requirement to neighbouring land would be unsuitable. The Applicant has also set out its position in Comments on WR's Appendix F - Landowners REP2-051.</p> <p>In relation to Scotland Lane, plots 04-25 and 05-04, the landowner suggests the Applicant should take responsibility for the entire boundary fence between the landowners ownership and Scotland Lane. This was referenced in RR-1114 and the WR REP1-310. In the landowners WR, it was also suggested that the Applicant should permanently declassify the byway (open to all traffic) to a bridleway (restricting motorised users). The Applicant requires temporary possession over plots 04-25 and 05-04 to facilitate improvement works to the existing byway in order to make it more appropriate for all users. The Applicant has stated its position on these matters to the landowner by way of direct response to the RR, on 21st March 2023, and its response to WR's, REP2-051. The Applicant is seeking to temporarily suspend motorised users in order to facilitate a temporary diversion through Scotland Lane during construction only, and does not propose to permanently change existing land use or classifications. In respect of replacing, and being responsible, for the entire boundary fence between the landowners ownership and Scotland Lane, the Applicant does not consider it value for money or proportionate to replace the entire extent (measuring approximately 450m). Land (and boundary fences if affected) will be reinstated to the reasonable satisfaction of the landowner as set out in article 35(5) of the draft DCO, REP1-042. The Applicant has communicated to the landowner that if any fencing is temporarily removed, it will be replaced on a like for like basis consistent with the principle of equivalence and in accordance with the Applicant's land restoration obligations set out in the draft DCO.</p>

3	Alec George Nelson the late Robin Walter Wynn Jon Booth - Lambert & Foster (as agent)		RR-0014	N/A		Part 1 & 3	Permanent	04-05	Yes	The Applicant understands the landowner does not object to CA in relation to their interests. The Applicant acknowledges the land is co-owned with the Wynn's where both co-owners hold different views, with one party wishing to retain plot 06-187 and the other party not. The Applicant notes the Interested Party's RR, RR-0014, is not an objection to compulsory acquisition. Nevertheless, the Applicant had been attempting to facilitate a voluntary agreement which satisfies both co-owning parties and had offered four different forms of voluntary agreement. The Applicant instructed its valuer and discussions were ongoing in respect of a proposed voluntary agreement, however the landowner confirmed on 01/09/23 that they are not minded to proceed with voluntary agreement and await the serving of notice for when the land is required following DCO decision. The Applicant submitted an agreed draft Statement of Common Ground with the Cole Family [REP1-215] which was submitted at Deadline 1 and will be updated during the examination process. Aside from an objection to the requirement to compulsorily acquire land for new WCH routes, the landowner does not object to the permanent acquisition or land or rights or to the temporary use of land. The Applicant is continuing to work with the landowner and their agent regarding outstanding concerns in the SoCG aiming to resolve as much as possible prior to the end of examination.

6	Amy Charlotte Gressier		RR-0374	N/A		Part 1 & 3	Permanent	03-15	Yes	The Applicant understands the landowner objects to the CA of their interests.		
	Elizabeth Gressier					Part 1	Permanent	03-16	Yes	<p>The Applicant has been engaging with the landowner since their land was first identified in January 2020. The Applicant has accommodated design requests in relation to the extent of public open space replacement land and woodland planting, updating it's plans and Design Principles, APP-516, prior to DCO submission. The Applicant notes the landowner RR-0374 has prepared a Statement of Common Ground to record the position between the parties. This was submitted at Deadline 3 at the request of the landowners agent and will be updated as required during the examination process.</p> <p>The Applicant has offered a fencing commitment to address security concerns and a form of voluntary agreement so that the landowner can retain part of their land, referred to as the 'island site'. The Applicant is willing to advance these throughout examination should the landowner be willing to progress.</p>

The Applicant has been engaging with the landowner since August 2018 attempting to facilitate an acquisition by agreement prior to DCO submission. The Applicant has responded to the landowners RR, RR-0091, on a detailed point by point basis referencing extensive engagement, and reiterating the Applicants preference to pursue a voluntary agreement that facilitates relocation (subject to any agreement being in line with the compensation code). The Applicant also offered to progress a Statement of Common Ground to deal with all matters under discussion (including the RR), which to date the landowner has not taken advantage of. Negotiations are progressing on an acquisition by agreement basis and valuations have been exchanged, including originally in April 2020 and updated versions in February and March 2023. The Applicant has reimbursed a property search in August 2021 to assist the landowner in identifying relocation options. The Applicant has also offered and remains willing to engage and assist the agent with calculating a disturbance estimate to provide a global estimate of compensation. The landowner is searching for suitable relocation options and regular update calls are scheduled with the agent in an attempt to progress agreement before acquisition of their land.

16	Beazer Homes Limited		RR-0835	N/A		Part 1	Permanent	29-01	Yes	The Applicant understands the landowner objects to the CA of their interests.		
						Part 1	Temporary	29-05	No	The acquisition of part of land owned by Persimmon Homes for replacement open space land and permanent environmental compensation is essential and required to offset the impacts of the Project. Land required for temporary possession would be reinstated to it's previous condition following the works. The Applicant has reduced the amount of Persimmon land required permanently from what was previously proposed at Design Refinement consultation in June 2020 (the whole 17.8 ha title). It is now proposed that 5.4 ha of Persimmon land is required permanently, the retained land is adjacent to existing residential housing so the land could be promoted by Persimmon for future development. The Applicant has contacted Persimmon Homes and will progress discussions regarding their relevant representation.

24	Cheale Group Limited Mike Holland - Holland Land & Property LTD (as agent)		RR-0148	REP1-354		Part 1	Permanent	44-90	Yes	The Applicant understands the landowner objects in part to the CA of their interests The Applicant is in regular contact with the landowner's agent who is aware of the Project and its effect on their property. In conversation with agent (17/09/20) he confirmed that engagement has been limited as the landowner was not at that stage unduly concerned as proposed land acquisition was temporary or permanent rights. Initial land requirements were subsequently significantly reduced owing to change of utility requirements, however, in their relevant representations the landowner has objected to permanent rights for utilities access. Discussions are on-going in an effort to reach a resolution before the end of Examination. NB: REP1-354 relates to general comments by the agent on the legal drafting of the draft DCO document and does not contain any specific landowner representations.

33	David Daniel Creamer Louise Rosalind Rogers Peter Brook Rogers		RR-0218	REP1-416		Part 1	Permanent	29-102	Yes	The Applicant understands that the landowner does not object to the small amount of compulsory acquisition of their land. However, the landowner has ongoing concerns about the impact of construction on their business and home. The Applicant is in ongoing discussions regarding mitigation of construction impacts on the property. Compulsory acquisition of plot 29-102 relates to an area of land which the landowner occupies as a tenant. Meeting held on 7/9/23 where it was agreed that an equestrian architect would be jointly instructed to provide a full assesment and recommendation (reasonable costs to be met by the applicant). Further information provided on 8/10/23 to help architect's assessment. Small amount of land-take will not have any effect on the day to day operation of the business. 45	Essex and Suffolk Water Limited		RR-0797	REP1-265 & REP1-266		Part 1 & 3	Permanent	24-63	Yes	Please refer to the status of objection in Table 1.1 ExQ1.15.1.4: the Planning Act 2008 s138 Statutory Undertakers' Rights and Apparatus: LTC	K	Existing objection to the Order. The Applicant submitted an agreed draft Statement of Common Ground with Essex & Suffolk Water [APP-107] which was submitted within the application and will be updated during the examination process. Discussions are ongoing regarding a separate side agreement between the Applicant and Essex and Suffolk Water, to provide further arrangements for the protection of Essex and Suffolk Water's apparatus and statutory undertaking. The latest draft of this agreement is under discussion, between Essex and Suffolk Water's / Northumbrian Water Limited's legal representatives and the Applicant's solicitors, supported by a series of progress meetings. Points to be concluded relate to Linford Well, namely: water quality, pollution and contamination risk and Linford Well compulsory acquisition over plot 24-133, of which the last matter relates to PA2008 s127 and s138. The Applicant is confident that agreement will be reached during the Examination period.

48	European Metal Recycling Limited		RR-0310	N/A		Part 1	Permanent	23-78	Yes	The Applicant understands the landowner does not object to CA in relation to their interests. The Applicant has recently been in more regular contact with EMR as operator of the scrap metal processing facility and discussions are on-going. EMR has raised concerns in relation to the operation of their site including vehicular access and lorry parking. These will be matters for the detailed design phase of the Project including the outline Traffic Management Plan for Construction. An invitation to negotiate and acquire land interests by voluntary agreement was sent by letter which was not progressed. General discussions as above continue.

An invitation to negotiate and acquire the interests required voluntarily has been sent by post, although a previously discussed section 253 (Highways Act 1980) voluntary agreement is now thought unsuitable for specialist (ancient woodland creation) and essential ecological mitigation. The Applicant has provided a response to the relevant representation in Comments on WRs Appendix F - Landowners [REP2-051]		
52	Gordon Goldsmith		RR-0359	N/A		Part 1	Permanent	33-170	Yes	Half width owner - no formal objection received. The Applicant is proposing to acquire permanent rights over a half-width interest of the road adjacent to the landowner's property. An initiation to acquire the rights by voluntary agreement has been sent by letter and would be progressed if the landowner requests.

This has been submitted to the examination as the Applicant's consideration of the status of matters, subject to further engagement and agreed actions between the parties, with the intention of it becoming agreed at subsequent deadlines within the examination.</p> <p>In relation to land acquisition, the Applicant has been engaging with the landowner in their capacity as freeholder of the existing 9 hole Par 3 golf course (plot 13-09) since April 2021. This engagement has included reviews of the Applicant's proposals within the DCO Application to relocate the Par 3 course into an area of land to the south, adjoining Cascades Leisure Centre, as indicated by the non-landscaped white area on Environmental Masterplan Section 3 Sheet 1 [REP2-018]. Further discussions have also taken place between the parties with regards to potential alternative layouts for the Par 3 course to that for which consent is sought as part of the DCO application and the parties are currently exploring the feasibility of those potential arrangements. These discussions are taking place on a separate basis and without prejudice to the Applicant's proposals as part of the DCO application. The Applicant has made a financial offer and hopes agreement can be reached before the end of examination.</p>	K	<p>The Applicant understands the landowner objects in part to the CA of their interests.</p> <p>The Applicant and landowner have shared a draft a Statement of Common Ground to record the matters under discussion, agreed and not agreed, REP1-100. The latest draft of this agreement is under discussion between HS1's legal representatives and the Applicant's solicitors, supported by a series of progress meetings. Points to be concluded include matters pursuant to the Planning Act 2008 s127(3) and s127(6), with HS1 objecting to "National Highways exercising powers of survey, compulsory acquisition or temporary possession ("compulsory powers") in relation to HS1 land under the DCO without HS1's consent. HS1 submits that protective provisions in the DCO must prevent the exercise of compulsory powers by National Highways unless HS1 agrees to this". The Applicant is confident that agreement on all matters will be reached during the examination period.

The Applicant has met with the landowner and their agent regarding the project and the impact on two areas of land. Permanent rights are required over the land at Whittakers Nursery, Heath Road for the diversion of high-voltage overhead electricity cables. Land over which permanent rights are required would be kept to a minimum as specified by National Grid. A previously proposed alternative route for the diversion was not considered feasible due to it impacting a row of houses on Heath Road. There are no active discussions with the agent regarding the land.

76	Lumen Technologies UK Limited		RR-0618	N/A		Part 1 & 3	Permanent	26-02	Yes	Please refer to the status of objection in Table 1.1 ExQ1.15.1.4: the Planning Act 2008 s138 Statutory Undertakers' Rights and Apparatus: LTC.	K	Existing objection to the Order. Discussions are ongoing regarding a separate side agreement between the Applicant and Lumen Technologies UK Ltd (Lumen). The latest draft of this agreement is under discussion, between Lumen and the Applicant's solicitors. The Applicant understands that Lumen seeks to agree to vary statutory deferment of renewal costs as part of any agreement. This position is not agreed by the Applicant and deferment of renewal benefit has not been agreed. The offer of an agreement to cover Lumen's other concerns remains open to Lumen. With respect to PA2008 s138 matters the Applicant believes adequate provisions are contained within the Application for the benefit of Lumen to ensure the undertaking of the Authorised Development would not give rise to a detrimental effect regarding Lumen's apparatus or undertaking with regards to its obligations as an operator of electronic code network. The Applicant is confident that agreement will be reached during the examination period.

85	National Gas Transmission PLC		RR-0782	REP1-260		Part 1 & 3	Permanent	01-01	Yes	Please refer to the status of objection in Table 1.1 ExQ1.15.1.4: the Planning Act 2008 s138 Statutory Undertakers' Rights and Apparatus: LTC	K	Existing objection to the Order The Applicant submitted an agreed draft Statement of Common Ground with National Gas Transmission PLC [REP1-202] which was submitted at Deadline 1 and will be updated as required during the examination process. Discussions are ongoing regarding a separate side agreement between the Applicant and National Gas Transmission PLC, to provide further arrangements for the protection of National Gas Transmission PLC's apparatus and statutory undertaking. The latest draft of this agreement is under discussion between National Gas Transmission PLC's legal representatives and the Applicant's solicitors. Points to be concluded include matters pursuant to PA2008 s127 & s138 with regards to "NGT's rights of access to inspect, protect, maintain, renew, repair and retain such apparatus must also be maintained at all times and that NGT's access to inspect and maintain such apparatus must not be restricted. [and] that, where the Applicant intends to acquire land or rights, or interfere with any of NGT's interests in land or NGT apparatus, NGT will require appropriate protection and further discussion is required on the impact to its apparatus and rights." The Applicant is confident that agreement on all matters will be reached during the examination period.

86	National Grid Electricity Transmission PLC		RR-0783	REP1-261		Part 1 & 3	Permanent	03-01	Yes	Please refer to the status of objection in Table 1.1 ExQ1.15.1.4: the Planning Act 2008 s138 Statutory Undertakers' Rights and Apparatus: LTC	K	Existing objection to the Order The Applicant submitted an agreed draft Statement of Common Ground with National Grid Electricity Transmission PLC [REP1-201] which was submitted at Deadline 1 and will be updated as required during the examination process. Discussions are ongoing regarding a separate side agreement between the Applicant and National Grid Electricity Transmission PLC, to provide further arrangements for the protection of National Grid Electricity Transmission PLC's apparatus and statutory undertaking. The latest draft of this agreement is under discussion between National Grid Electricity Transmission PLC's legal representatives and the Applicant's solicitors. Points to be concluded include matters pursuant to PA2008 s127 & s138 with regards to "NGET's rights of access to inspect, maintain, renew and repair such apparatus must also be maintained at all times and that NGET's access to inspect and maintain such apparatus must not be restricted [and] that where the Applicant intends to acquire land or rights, or interfere with any of NGET's interests in land or NGET's apparatus, NGET will require appropriate protection and further discussion is required on the impact to its apparatus and rights." The Applicant is confident that agreement on all matters will be reached during the examination period.

87	National Grid PLC		RR-0782 & RR-0783	N/A		Part 1 & 3	Temporary	10-02	No	Please refer to the status of objection in Table 1.1 ExQ1.15.1.4: the Planning Act 2008 s138 Statutory Undertakers' Rights and Apparatus: LTC	K	Existing objection to the Order The Applicant submitted an agreed draft Statement of Common Ground with National Grid Electricity Transmission PLC [REP1-201] which was submitted at Deadline 1 and will be updated as required during the examination process. The Applicant submitted an agreed draft Statement of Common Ground with National Gas Transmission PLC [REP1-202] which was submitted at Deadline 1 and will be updated as required during the examination process. Discussions are ongoing regarding a separate side agreement between the Applicant and National Grid Electricity Transmission PLC, and the Applicant and National Gas Transmission PLC to provide further arrangements for the protection of National Grid Electricity Transmission PLC and National Gas Transmission PLC's apparatus and statutory undertaking. The latest drafts of these agreements are under discussion between National Grid Electricity Transmission PLC's legal representatives and the Applicant's solicitors, and National Gas Transmission PLC's legal representatives and the Applicant's solicitors. Points to be concluded include matters pursuant to PA2008 s127 & s138 with regards to National Grid Electricity Transmission's and National Gas Transmission's rights of access to inspect, protect, maintain, renew, repair and retain such apparatus must also be maintained at all times and that National Grid Electricity Transmission's and National Gas Transmission's access to inspect and maintain such apparatus must not be restricted and that, where the Applicant intends to acquire land or rights, or interfere with any of National Grid Electricity Transmission's and National Gas Transmission's interests in land or apparatus, National Grid Electricity Transmission and National Gas Transmission will require appropriate protection and further discussion is required on the impact to its apparatus and rights. The Applicant is confident that agreement on all matters will be reached during the examination period.

88	Network Rail Limited		RR-0787	REP1-264	REP1-074	Part 1	Temporary	15-01	No	Please refer to the status of objection in Table 1.1 ExQ1.15.1.4: the Planning Act 2008 s138 Statutory Undertakers' Rights and Apparatus: LTC	K	Existing objection to the Order. The Applicant submitted a draft Statement of Common Ground with Network Rail, REP1-074, which was submitted at Deadline 1 and will be updated as required during the examination process. Engagement on the basis of private agreement will continue throughout examination. Discussions are ongoing regarding a separate side agreement between the Applicant and Network Rail Infrastructure Limited to provide further arrangements for the protection of Network Rail Infrastructure Limited's apparatus and statutory undertaking. The latest draft of this agreement is under discussion, between Network Rail Infrastructure Limited's legal representatives and the Applicant's solicitors, supported by a series of progress meetings. Points to be concluded relate to the safety of the railway network, those parts of the scheme that interface with the operational network and those rights to be acquired via the powers contained within the draft Development Consent Order, of which the last matter relates to the Planning Act 2008 s127 and s138. The Applicant is confident that agreement will be reached during the examination period.

91	Orsett Fen Rights Holders		RR-0803	N/A		Part 1	Permanent	35-13	Yes	The Applicant understands the landowner does not object to CA in relation to their interests. The Applicant is in regular contact with the agent for the Orsett Fen Rights Holders and is working collaboratively to assist them to arrive at a voluntary agreement between themselves to address concerns regarding the proposed replacement land. An agreement would also require Thurrock Council, as owner of some of the rights.

Negotiations relating to the Port of London Authority are covered in the Protective Provisions for the Protection of the Port of London Authority (see Schedule 14 Part 8 of the draft DCO) and also the agreed Statement of Common Ground between National Highways and the Port of London Authority [APP-100] as submitted with the original Application documents. The latest draft of the Protective Provisions are under discussion between Port of London Authority's legal representatives and the Applicant's solicitors, supported by a series of progress meetings. Points to be concluded relate to the Planning Act 2008 s127(3) and s127(6) with regard to the ability for the Applicant to construct and operate the Project without having a detrimental effect on the statutory functions of the Port of London Authority. Separately, an invitation and offer to acquire the freehold interests and rights has been submitted by the Applicant to the PLA and a counter-offer received which has been rejected. Discussions on this specific matter continue.

The Applicant is proposing to acquire permanent rights over a half-width interest of the road adjacent to the landowner's property. An initiation to acquire the rights by voluntary agreement has been sent by letter and would be progressed if the landowner requests.

103	Seventyholds Limited		RR-0975	REP1-404		Part 1 & 3	Permanent	27-01	Yes	<p>The Applicant understands the landowner objects in part to the CA of their interests.</p> <p>The Applicant has been engaging with the landowner in relation to Project land requirements since 2020. The Applicant was progressing with a temporary voluntary agreement (plots 27-03, 27-05, 27-15, 28-140 and 28-142) and agreed Heads of Terms for ecological purposes during the pre-application stage, however this land use was subsequently updated with the inclusion of Nitrogen Deposition requirements during Local Refinements Consultation (May 2022) and the proposed voluntary agreement subsided. The Applicant notes the landowner objects to the acquisition of Hoford Road (plots 27-03, 27,05, 27-15, 28-140 and 28-142) for Nitrogen Deposition, as set out in their WR, REP1-404. The Applicant has responded to this objection setting out its position in Comments on WRs Appendix F - Landowners [REP2-051].</p> <p>The Applicant met with the landowners agents prior to DCO submission on 9th September 2022 to discuss all matters relating to land use and acquisition. At this meeting, the Applicant became aware of the landowners development ambitions for Stanford Road (plots 31-06, 31-12, 31-19 and 32-183) ,where the Applicant proposes to install a permanent compound in connection with its proposed gas pipeline diversion. The Applicant requested to be kept informed on development ambitions in an attempt to co-ordinate works to mitigate impacts. The Applicant directed the landowner to consult Cadent developer services in accordance with usual procedure. The Applicant has also shared Order Limit shapefiles so that the landowner can incorporate within their development design. Engagement to co-ordinate both the Applicants works and the landowners development ambitions will continue in order to mitigate any impacts.</p> <p>The landowner has also sought to clarify the works upon plots 30-78 and 34-38, at Blackshots Lane, and an assurance that the proposed utility works are removed upon completion. The Applicant has confirmed these are temporary utility works and will be removed following construction, directing the landowner to DCO documentation. The Applicant understands the landowner is comfortable in this regard.</p>

106	Southern Water Services Limited		RR-0997	REP1-280		Part 1	Permanent	01-18	Yes	Please refer to the status of objection in Table 1.1 ExQ1.15.1.4: the Planning Act 2008 s138 Statutory Undertakers' Rights and Apparatus: LTC	K	Existing objection to the Order The Applicant submitted an agreed draft Statement of Common Ground with Southern Water Services Limited [REP1-203] which was submitted at Deadline 1 and will be updated as required during the examination process. Discussions are ongoing regarding a separate side agreement between the Applicant and Southern Water Services Limited, to provide further arrangements for the protection of Southern Water Services Limited's apparatus and statutory undertaking. The latest draft of this agreement is under discussion, between Southern Water Services Limited's legal representatives and the Applicant's solicitors. Points to be concluded relate to water quality, pollution and contamination risk of their water source and compulsory acquisition powers which " If made, the DCO would authorise the exercise of powers over or near land in which SWS maintains assets and/or has other rights for the purposes of discharging its statutory duties. Unchecked, the exercise of such powers in respect of SWS's interests would cause severe detriment to it." . The Applicant is confident that agreement will be reached during the Examination period.

121	The Orsett Golf Club Limited Colin Cottage - Ardent Management Limited (as agent)		RR-0804	N/A		Part 1	Permanent	27-01	Yes	The Applicant understands the landowner does not object to CA in relation to their interests. A golf course expert appointed by the Applicant inspected the course on 4/10/23 to review Orsett Golf Club's proposals for early planting. A meeting was held with Colin Cottage, agent for the club, on 12/10/23 to discuss the outcome of the inspection. A report is being produced to aid further discussion and a site meeting is to be arranged. The parties hope to have an agreed position on outstanding matters prior to the end of examination.	K	The Applicant understands the landowner does not object to CA in relation to their interests. A voluntary agreement is being progressed regarding mitigation of impacts, it is hoped that this would be signed prior to the end of examination. The Golf Club does not object to compulsory acquisition or temporary use of land but reserves it's position until an agreement is signed.

130	Veolia ES Landfill Limited		RR-1125	REP1-430		Part 1	Permanent	30-07	Yes	<p>The Applicant understands the landowner objects to the CA of their interests</p> <p>The Applicant has been in regular contact with Veolia ES Ltd via their in-house agent, especially in respect of ground investigations and archaeological / utility trial trenching and also regarding Veolia's farm tenant (Schatzmann Trust). Several meetings have been held to discuss mitigating the impact on Veolia site and in particular use of their access road (Medebridge Road) as a Project construction haul road and also potential conflicts arising with Environment Agency 'permitting' issues.</p> <p>Veolia has drafted a side legal agreement for the protection of its interests and submitted this as part of its Written Representations. On a subject to contract and no-obligation basis, the Applicant has instructed its own solicitors to engage with Veolia's solicitors on the drafting of this agreement to see if a final version can be agreed. Matters on-going.</p> <p>The Applicant has also provided a response to the relevant representation in Comments on WRs Appendix F - Landowners [REP2-051]</p>
