

Submission ID: 22864

DPWLG and PoTLL have agreed drafting for the Orsett Cock Requirement. This forms part of Appendix 2 of PoTLL's Summary of Oral Submissions (Deadline 6) document.

PoTLL's submission includes a statement that explains that the wording has been agreed by PoTLL and DPWLG whilst Thurrock Council has additional considerations and is planning to confirm agreement, or provide further drafting, at Deadline 6A.

It also notes that PoTLL, DPWLG and Thurrock Council are of the view that the Applicant's proposed Requirement, contained in paragraph 3.1.6 of National Highways' submission 9.114 Wider Networks Impacts Update [REP5-085], is inadequate and would not secure the necessary works to the Orsett Cock junction, required to avoid serious adverse impacts on the transport network and access to the ports as a result of the LTC as currently designed.
