

PROPOSED LOWER THAMES CROSSING DCO (ref: TR010032)

**SUBMISSION OF INTENT ON BEHALF OF MORZINE LIMITED FOR TO BE HEARD AT ISH13 – 27
NOVEMBER 2023 – STAGE D6A**

ID: 20035707 – Morzine Limited

On behalf of, Morzine Limited, Thames Oil Port (TOP), we express the intent to be heard at ISH13 on 27 November 2023.

Morzine Ltd have continuously engaged with the DCO application and made submissions through the required deadlines.

Whilst Morzine Ltd has highlighted in its previous consultation responses, in-principal support for the LTC, a number of concerns have been raised, which remain.

In the original consultation responses, Vectos/ SLR Consulting, acting on behalf of TOP, raised concerns in relation to construction timing and phasing, route choice, route availability and the number of u-turn movements which would be diverted to The Manorway Interchange due to the proposed layout of Orsett Cock Roundabout – particularly at the A13 / LTC Junction, and network operation and traffic flow.

Further concerns in relation to route choice and route availability were raised in responses to both the Design Refinement Consultation and the Community Impacts Consultation.

These concerns subsist and the wider impact of this proposed new link and despite this matter being raised in TOP's representations during the consultation process, has not been fully assessed within the Local Refinement Consultation carried out by LTC. The potential impact of LTC at The Manorway Interchange is still not fully considered. Final conclusions on the potential impact cannot be made without further, more detailed, modelling and assessment work being completed and formally submitted to the examination.

The potential impact and operation of TEP and TOP was still not accounted for in either the Supplemental Design Consultation or the Design Refinement Consultation.

Morzine Ltd has made numerous representations; unfortunately, the level of engagement has not been to the level expected bearing in mind the importance of TEP and TOP to the local, regional and national economy.

Therefore, Morzine Ltd (TOP), wish to express the intent to be heard at ISH13 on 27 November 2023.

Morzine Limited
