63							Detailed engagement has been ongoing since August 2018. Multiple survey consent forms have been agreed to facilitate Applicant surveys, including agreement of compensation therefrom. Negotiations are progressing on an acquisition by agreement basis and valuations have been exchanged. A property search has also been undertaken to assist the landowner in identifying relocation options and the Applicant has also offered to engage and assist the agent with calculating a disturbance estimate to provide a global estimate of compensation. The Applicant has responded to the landowners relevant representation and offered a Statement of Common Ground to record the position. The Applicant has offered in principle to reimburse a second agency search to assist relocation and awaits proposals from the landowner

During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

In conversation with agent (17-09-20) he confirmed that engagement has been limited as the landowner not unduly concerned at this stage as land acquisition is temporary with permanent rights for utilities and that they will engage further once final design is submitted in Development Consent Order. Initial land requirements significantly reduced owing to change of utility requirements. At CAH3 a 'lift and shift' agreement was discussed in respect of the utility access route and will be progressed on a subject to Contract and Subject to Project Approval basis. Matters on-going. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. 242	David Norman Attwood	Cat 1, 2 & 3	01-01	CAR	The Applicant has written to the owner of Harp Farm regarding inclusion of land within the Order Limits for environmental compensation and is in regular contact with their agent. The applicant has met the landowner on site on several occasions and also at a consultation event. Following extensive discussions with landowner and his agent, the applicant has significantly reduced its land requirements at Harp Farm. Heads of Terms have now been agreed and solicitors have produced a draft pre DCO voluntary agreement for acquisition of the land at a guaranteed minimum price, the detail of which is being negotiated by solicitors. Matters on-going.

251					The Applicant is in active negotiations with the business owner to enter into a compensation agreement to enable the Inn on the Lake Hotel to continue to operate as a going concern post Project construction. The agreement will seek to mitigate impact on the business during construction and ensure a mechanism for the payment of appropriate business interruption compensation is agreed. A Statement of Common Ground will be submitted to the Examining Authority.

An invitation to negotiate and acquire the interests required voluntarily has been sent although a previously discussed section 253 (Highways Act 1980) agreement is now thought unsuitable for such specialist (ancient woodland creation) essential ecological mitigation. A proposed lease arrangement is currently under discussion, but the terms are not agreed and the current proposed terms are considered unsuitable for permanent essential ecological mitigation by the Applicant. 465	John Beaney	Cat 1	29-40	CA			Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.	N/A	N/A

509	Karla L Saunders	Cat 1	29-40	CA			Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

512							Engagement has been ongoing since September 2017. Meetings have taken place regarding the impact of the Project on Whitecroft Care Home, Stanford Road. The Applicant has sought to address concerns by altering the design of the road and landscaping to the west of the property. Detailed information on traffic and proposed construction activities has been provided to the landowner wherever possible. Following a site inspection mitigation has been proposed by the Applicant however the effectiveness of which has been disputed by the Owners. Further discussions are on going with regard to the mitigation of noise and vibration but also a potential longer term solution for the care home following the CAH2 hearing.

537	Laureena Saunders	Cat 1	29-40	CA			Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.	N/A	N/A

564	Linda Baker	Cat 1	29-40	CA			Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

773	Rita M Beaney	Cat 1	29-40	CA			Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

840							Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

868							Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

920							The Applicant engaged with the landowner's agent on matters of the Project and voluntary agreement. Multiple survey consent forms were agreed to facilitate Applicant surveys, including agreement of compensation therefrom. The trust has now disposed of that affected land and the Applicant is now engaging with the new landowners. The Applicant notes the trust are identified as having residual interests as listed in the Book of Reference. The Applicant will continue attempts to clarify the interests and explore the landowner's preference for acquisition.

956					The Applicant is In regular contact with landowner, agent and lawyers who are aware of the Project and its effect on their property. Opportunity to acquire has been discussed and attempts to progress this and mitigate impacts elsewhere will continue. Draft voluntary agreements for (i) acquisition or a s253 (HA 1980) of the HRA mitigation land and (ii) legal side agreement that reduces the long term impact of a drainage pipe has been forwarded to the agent. It is proposed to add a second drain-pipe into this agreement - on an subject to contract and Project Approval basis.

1003	Veolia ES Landfill Limited	Cat 1, 2 & 3	30-07	CAR	2017-04-12	Phone Call	In regular contact with landowner via in-house agent especially in respect of ground investigations and archaeological/utility trial trenching as well as liaison with Veolia's farm tenant. Several meetings have been held to discuss mitigating the impact on Veolia site and in particular use of their access road (Medebridge Road) as a Project construction haul road and also potential conflicts arising with Environment Agency 'permitting' issues. Veolia is therefore fully aware of the Project and its potential impact upon their property. A draft side agreement based upon an initial draft agreement submitted by Veolia in their Written Representations is being negotiated and will hopefully be completed before the end of Examination. Matters on-going. Conversation regarding Preferred Route Announcement	RR-1125	REP1-430

On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout.
