We would like to put on the record that we have been unable to locate any written acknowledgement or a response from the applicant in regard to our Compulsory Acquisition written submission REP5-120 or comments on our written submission at D6 REP7-267

We have always been told that written submissions hold the same weight as oral submissions and clearly those who spoke at their Compulsory Acquisitions Hearings have received acknowledgement and comments from the applicant. It concerns us that after spending hours sieving through documents that the applicant does not appear to have responded to our written submissions. If the applicant has responded then please would the ExA ask the applicant to point us to the relevant document numbers as this has been very stressful.
