# 1 Introduction

## **1.1 Purpose of this document**

- 1.1.1 This document relates to the A122 Lower Thames Crossing (the Project) and has been submitted by National Highways (the Applicant) to the Planning Inspectorate acting on behalf of the Secretary of State for Transport. It relates to an application for a Development Consent Order (DCO) to permit and enable implementation of the Project made under section 37 of the Planning Act 2008 (as amended) (the 2008 Act).
- 1.1.2 A detailed description of the Project can be found in the Environmental Statement Chapter 2: Project Description [<u>APP-140</u>].
- 1.1.3 This document presents a Schedule identifying those Statutory Undertakers and telecommunications operators who retain rights under the Electronic Communications Code that have made a representation as part of the Examination process (on any matters) with rights and/or apparatus to which s138 of the Planning Act 2008 applies. It includes the status of their objection to the Order as at Deadline 4.
- 1.1.4 This document has been prepared and submitted in accordance with the Examining Authority's written questions and requests for information [PD-029] dated 15 August 2023, question Q(1)15.1.4.:

"The Applicant is requested to review RRs and WRs made as the examination progresses alongside its land and rights information systems and to prepare and at each successive deadline update as required a tabulated Schedule identifying and responding to any representations made by statutory undertakers with apparatus and rights to which PA2008 s 138 applies.

In relation to any such representations, the applicant is requested to identify:

- a. the name of the statutory undertaker;
- b. the nature of the undertaking;
- c. the relevant rights to be extinguished; and/or
- d. the relevant apparatus to be removed or altered
- e. how the test in s138(4) can be met; and
- f. in relation to these matters, whether any protective provisions and /or commercial agreements are anticipated, and if so:
  - *i.* whether these are already available to the ExA in draft or final form,
  - *ii.* whether a new document describing them is attached to the response to this question or
  - iii. whether further work is required before they can be documented; and

- g. in relation to a statutory undertaker named in an earlier version of the table but in respect of which a settlement has been reached:
  - *i.* whether the settlement has resulted in that statutory undertaker's representation(s) being withdrawn in whole or part; and
  - *ii. identifying any documents providing evidence of agreement and withdrawal.*"
- 1.1.5 This Schedule should be read in conjunction with the following documents:
  - a. Land Plans [Document Reference 2.2 (8)]
  - b. Statement of Reasons [**Document Reference 4.1 (8)**] including the following:
    - i. Appendix 1 explaining the land requirement for that land to which statutory undertakers as well as telecommunications operators who retain rights under the Electronic Communications Code own or have an interest
    - ii. Annex A explaining the purpose for which plots are required
    - iii. Annex B summarising engagement and negotiations
  - c. Book of Reference [Document Reference 4.2 (8)]
  - Applicant's comments on WRs Appendix B Statutory Undertakers [<u>REP2-</u> 047]
  - e. Application Document 9.77 ExQ1.15.1.1: Schedule of CA and TP Objections [Document Reference 9.77 (5)]
  - f. Status of Negotiations with Statutory Undertakers [Document Reference 9.3 (5)]
  - g. Applicable Statements of Common Ground where referenced in the Status of Objection column
  - h. Other DCO documents which are specifically referenced in the Status of Objection column.
- 1.1.6 The Schedule should be considered a live document which will be reviewed and updated during the examination period when the Applicant becomes aware that data and assumptions on which the previous deadline schedule submission was made have changed.

# 1.2 Section 138 of the Planning Act 2008

1.2.1 In response to Q(1)15.1.4(e) the Applicant is requested to identify *"how the test in s138(4) can be met"*.

1.2.2 Section 138 of the Planning Act 2008 states:

# 138 Extinguishment of rights, and removal of apparatus, of statutory undertakers etc.

(1) This section applies if an order granting development consent authorises the acquisition of land (compulsorily or by agreement) and—

(a) there subsists over the land a relevant right, or

(b) there is on, under or over the land relevant apparatus.

(2) "Relevant right" means a right of way, or a right of laying down, erecting, continuing or maintaining apparatus on, under or over the land, which—

(a) is vested in or belongs to statutory undertakers for the purpose of the carrying on of their undertaking, or

(b) is conferred by or in accordance with the electronic communications code on the operator of an electronic communications code network.

(3) "Relevant apparatus" means—

(a) apparatus vested in or belonging to statutory undertakers for the purpose of the carrying on of their undertaking, or

(b) electronic communications apparatus kept installed for the purposes of an electronic communications code network.

(4) The order may include provision for the extinguishment of the relevant right, or the removal of the relevant apparatus, [F1 only if the Secretary of State is satisfied that the extinguishment or removal is necessary for the purpose of carrying out the development to which the order relates]

[F2 (4A) In this section "statutory undertakers" means persons who are, or are deemed to be, statutory undertakers for the purpose of any provision of Part 11 of TCPA 1990.

[F3 (4B) In this section—

*"electronic communications apparatus" has the meaning given in paragraph 5 of the electronic communications code;* 

*"electronic communications code" means the code set out in Schedule 3A to the Communications Act 2003;* 

*"operator of an electronic communications code network" has the meaning given in paragraph 1(1) of Schedule 17 to the Communications Act 2003;]*
