1. Update

- 1.1 Since its submission of the Principal Areas of Disagreement Summary document at Deadline 9A, Northumbrian Water Limited (operating as Essex & Suffolk Water) (“ESW”) has made further progress in negotiations with the Applicant and has now reached agreement in principle on the principal issues.
- 1.2 However, given that the side agreement will not be completed prior to the end of the Examination and, therefore, ESW has not yet secured legally binding protections, ESW is not yet able to withdraw its objections to the Application. Until the agreement is completed the table in REP9A-138 Principal Areas of Disagreement Summary Statement sets out the principal areas of disagreement between the parties and the necessary amendments ESW is seeking to the draft DCO to address them.
