Enough of us having to tolerate these ridiculous delaying tactics on the part of a small number of pathetic ‘Do-Gooders’ – let’s get on with this long overdue enhancement to the infrastructure of our Country.

Any further delay, merely makes us look like we are back in pre-Victorian times.

The Car and the HGV are here to stay; the Exchequer derives financial benefit from the Taxes obtained from motoring; Dartford and the Dartford Tunnel are Grid-Locked now, Every day including weekends, which going back 10 years was rarely the case.

Residents and businesses in the Lower Thames areas of Kent and Essex are in desperate need of this new Crossing – for goodness sake, let’s get it expedited.

Richard Jones
