Dear Sir/ Madam. Firstly we have to put up with noise and pollution from the existing motorway crossing and now we are expected to contend with the noise and the pollution from a second LTC. Thanks very much for your inconsiderate planning National Highways! PS. And IPC ref No.LTC-APC1021. [REDACTED] my wife who passed away in December 2004, she wouldn't have liked it either.  
Kind regards, George
