A57 Link Roads Scheme Development Consent Order 202[x]

1.2 Application Form

Regulation Number:	Regulation 5(1)
Planning Inspectorate Scheme Reference	TR010034
Application Document Reference	TR010034/APP/1.2
Author:	A57 Link Roads Scheme Project Team, Highways England

Version	Date	Status of Version
Rev 1.0	June 2021	DCO Application

Application for Development Consent for Nationally Significant Infrastructure Projects under the Planning Act 2008

* required information

Application Form

Please read guidance documents relating to the submission of applications prior to completing this form including [government guidance](#) and the Planning Inspectorate's [Advice Note Six: Preparation and submission of application documents](#).

* Do you have a reference number?

Yes No

Reference number

1. Applicant

Organisation

Address

Building number or name

Street

City or town

County or administrative area

Postcode

Country

Name of contact

Telephone number

Fax number

Email

2. Agent

* Are you an agent acting on behalf of the Applicant?

Yes No

3. Fee

* State the arrangement for the application fee payment:

BACS CHAPS Cheque

* Please provide payment reference details

Purchase Order: 3033321
Receipt Number: 822761

4. Confirming why the Planning Inspectorate should receive the application

* Brief statement to explain why this application is, or is to be treated as, a development for which development consent is required under the Planning Act 2008

The Scheme is a Nationally Significant Infrastructure Project ("NSIP") within Sections 14(1)(h) and 22(1) of the Planning Act 2008 (the "Act"). Under Section 22 an NSIP must fall within one of the three categories specified, which are expressly stated to be alternatives. The Scheme is construction of a highway in a case within the meaning of Section 22(1)(a). The Scheme is wholly located in England and Highways England Company Ltd, being a strategic highways authority, will be the highway authority for the highway to be constructed as part of the Scheme. The development therefore complies with the requirements of Section 22(2) and 22(4) of the Act. Whilst the Scheme includes some alteration and improvement of the existing A57 the new carriageway will follow a different alignment requiring construction of sections of new highway with a speed limit of 50 miles per hour over an area in excess of 12.5 hectares.

5. Non-technical description of the Proposed Development

* Brief non-technical description of the Proposed Development

The Scheme lies mainly within the administrative boundaries of Tameside Metropolitan Borough Council (TMBC), up until to the proposed River Etherow Bridge. To the east of this, the Scheme crosses over the boundary with High Peak Borough Council (HPBC) and Derbyshire County Council (DCC).

The Scheme includes the following components:

- A new offline bypass of 1.12 miles (1.8km) of dual carriageway road connecting the M67 Junction 4 to A57(T) Mottram Moor Junction
- A new offline bypass of 0.81 miles (1.3km) of single carriageway connecting the A57(T) Mottram Moor to the A57 Woolley Bridge
- Creation of two new junctions, Mottram Moor Junction and Woolley Bridge Junction and improvement works to the existing M67 Junction 4
- Creation of five new structures (Old Hall Farm Underpass, Roe Cross Road Overbridge, Mottram Underpass, Carrhouse Lane Underpass, River Etherow Bridge and Roe Cross Road overbridge)
- One main temporary construction compound area, located on agricultural land to the east of the M67 Junction 4
- Detrunking, including safety measures from the M67 Junction 4 to Mottram Back Moor Junction, to be agreed with TMBC.
- Safety measures and improvements to the A57 from Mottram Moor Junction to Gun Inn Junction and from Gun Inn Junction to Woolley Bridge Junction, to be agreed with TMBC

6. Location or route of the Proposed Development

* Description of location of application site(s), or route of development (reference to appropriate plans)

The location of the application site is shown on the Location Plan [TR010034/APP/2.1]. The Scheme falls under the jurisdiction of HPBC, TMBC and DCC. It is primarily located within Mottram in Longdendale, Tameside, Greater Manchester.

* Is the site a single site or a linear site?

- Single site Linear site

22. Additional information for specific types of infrastructure

* Additional information is required to be submitted in accordance with Regulation 6 of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009:

Yes No

* Provide a brief description

As highway related development, the application falls within the requirements prescribed by Regulation 6(2) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended), Regulation 6(2) stipulates that the application must be accompanied by section drawings showing the level of the proposed works, including ground levels, the height of every proposed bridge or embankment, the depth of every proposed cutting, the levels of the bed of any inland waterway in which it is proposed that any works should be situated, the height of every structure or device to be erected over an inland waterway and drainage outfall details. This information is shown on the Engineering drawings and sections.

* Document reference

Continued from previous page...

Regulation 6 of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 requires additional information to be submitted with the following types of development.

* Please check any of the following boxes that apply:

- Construction or extension of a non offshore generating station (Reg. 6 (1a))
- Construction or extension of an offshore generating station (Reg. 6 (1b))
- Highway related development (Reg. 6 (2) (part 1))
- Construction or alteration of a railway (Reg. 6 (2) (part 2))
- Construction or alteration of harbour facilities (Reg. 6 (3))
- Construction of a pipeline (Reg. 6 (4))
- Construction or alteration of a hazardous waste facility (Reg. 6 (5))
- Construction of a dam or reservoir (Reg. 6 (6))

Highway related development (Reg. 6 (2) (part 1))

Ensure section drawings have been included as part of this application, with suitable horizontal and vertical scales, which show the levels, proposed works including in particular and where relevant by reference to Ordnance Survey or Chart datum

* Document reference TR010034/APP/2.7 Engineering Drawings and Sections

Add another reference

Provide the levels of the proposed works, in particular and where relevant:

* Ground levels

TR010034/APP/2.7 Engineering Drawings and Sections

* The height of every proposed bridge, viaduct, aqueduct, embankment and elevated guide way

TR010034/APP/2.7 Engineering Drawings and Sections

* The depth of every proposed cutting and tunnel

TR010034/APP/2.7 Engineering Drawings and Sections

* The levels of the bed of any tidal waters or inland waterway in which it is proposed that any works should be situated

n/a

Continued from previous page...

* The height of every structure or device intended to be erected above, on or below the surface of, or on or beneath the bed of tidal waters or inland waterway

n/a

* Drainage outfall details for highways

TR010034/APP/2.12 Culvert and Drainage Plans

Provide a cross section of every intended tunnel and any altered gradient of a carriageway or a way forming part of a guided transport system on either side of every level crossing, bridge tunnel or underpass which would carry the carriageway or way or through which it would pass

* Document reference

TR010034/APP/2.7 Engineering Drawings and Sections

Add another reference

23. Any other plans, drawings and sections necessary to describe the proposal for which development consent is sought, and any other documents, reports or information to support the application

Provide a brief description of any other plans, drawings and sections that are being submitted with this application

A list of additional plans for submission are included below. They demonstrate the Scheme's location and highways and public rights of way affected/proposed by the Scheme. Further plans indicate proposed speed limits and traffic regulations. We have also included details of the Scheme's layout and temporary works, culverts and drainage, plus plans relating to tree and hedgerow removal. The classification of roads is also demonstrated.
