1. Introduction

1.1 Introduction and purpose of this document

- 1.1.1 Highways England (the “Applicant”) has applied to the Secretary of State for Development Consent Order (“DCO”) to determine the Applicant’s proposals for the creation of new link roads and alteration to the existing A57, A57 Link Roads (the “Scheme”). The application is submitted to the Planning Inspectorate (the “Inspectorate”) in accordance with section 37 of the Planning Act 2008 (the “2008 Act”).
- 1.1.2 This document comprises part of the suite of Application documents and is submitted to comply with Regulation 5(2)(m), of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended), which requires:
- 5(2)(m) ‘where applicable, a plan with accompanying information identifying any statutory or non-statutory sites or features of the historic environment, including scheduled monuments, World Heritage sites listed buildings and other historic structures, archaeological sites and registered battlefields, together with an assessment of any effects on such sites features or structures likely to be caused by the proposed development.’*
- 1.1.3 The Historic Environment Sites and Features Plans are submitted for approval and will be certified under article 45 of the DCO once the Order is made. As this document is part of a suite of Application documentation, it should be read alongside and is informed by other Application documents. In particular, the plans should be read alongside the Book of Reference [TR010034/APP/4.3] and Schedule 2 of the of the Development Consent Order [TR010034/APP/3.1].

1.2 Scope and format of the Historic Environment Sites and Features Plans

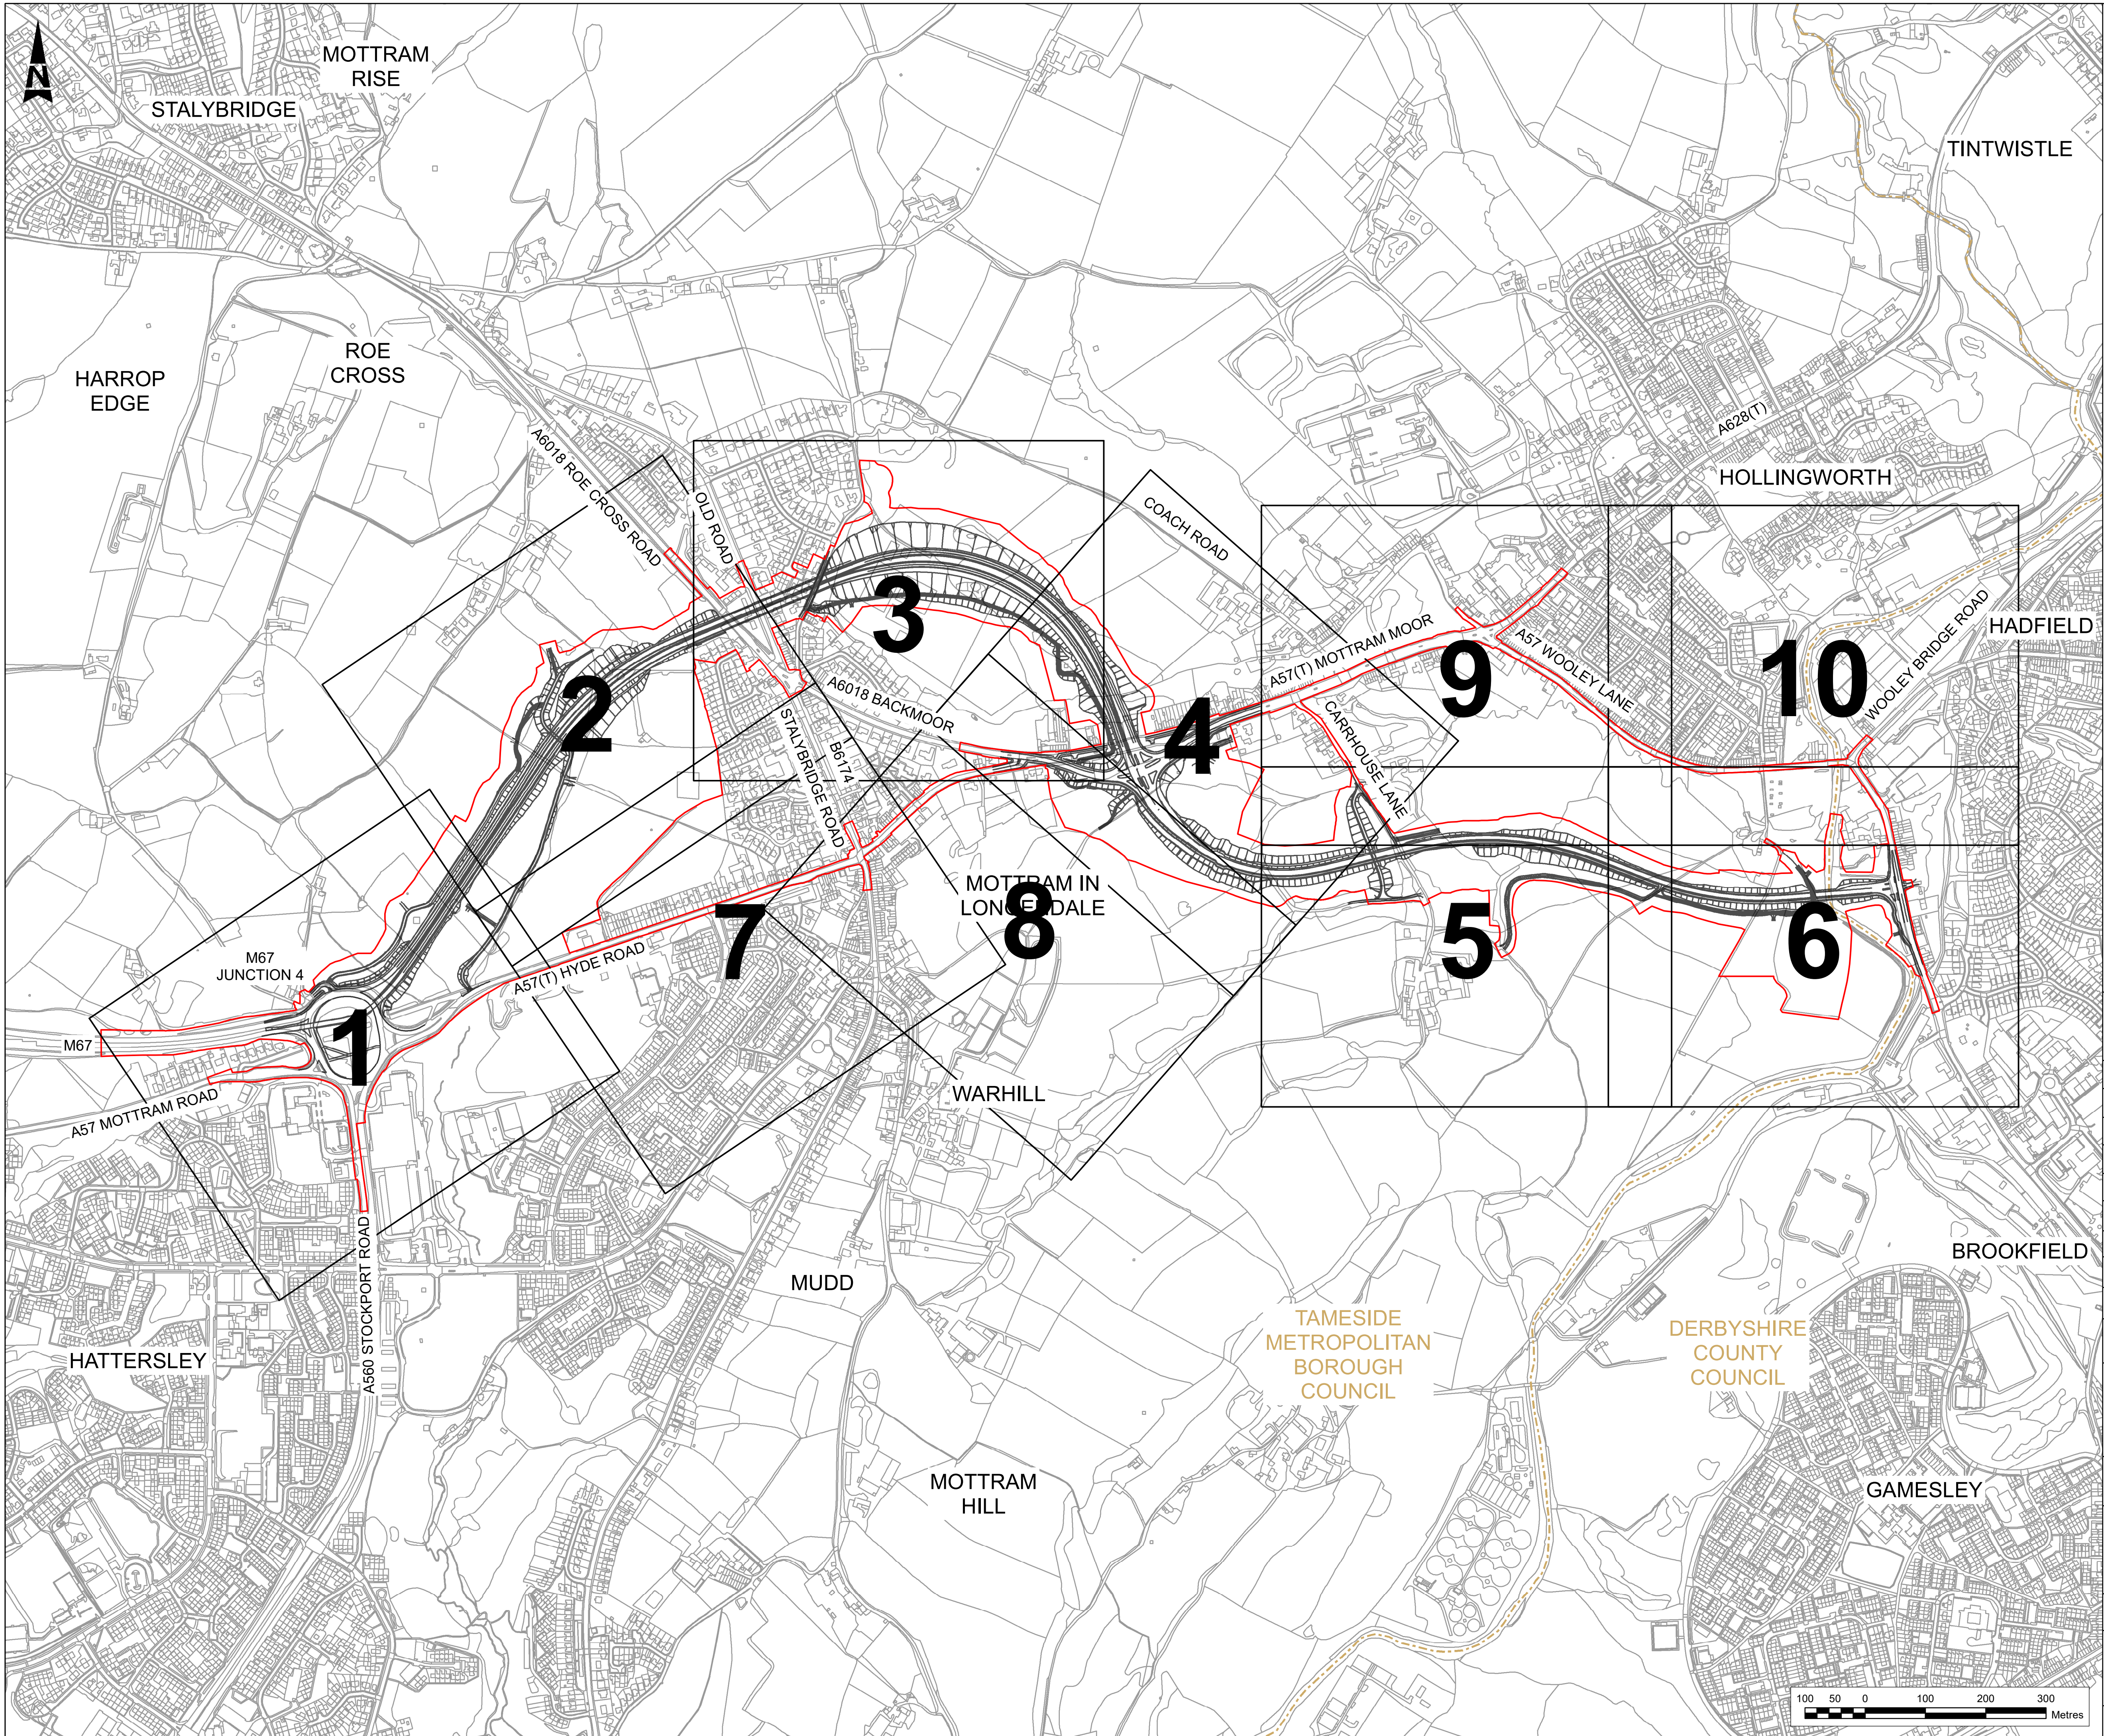

- 1.2.1 The Historic Environment Sites and Features Plans show the asset numbers of listed buildings within the 500 m study area for the Cultural Heritage topic (Chapter 6) of the Environmental Statement (ES) [TR010034/APP/6.3]. Some listed buildings are present immediately adjacent to the DCO boundary but there are no listed buildings within the DCO boundary. The unique numbers shown on the Plans correspond with those listed in the Gazetteer of cultural heritage assets, presented in Appendix 6.2 of the ES [TR010034/APP/6.5]. Reference should be made to the Gazetteer for further information and a description of the sites, features and heritage assets.
- 1.2.2 There is one Conservation Area (Mottram-in-Longdale) within the DCO boundary. There is one scheduled monument, located outside of the DCO boundary but within the study area.

1.2.3 This document should be read alongside and is informed by the other Application documents, in particular:

- Schedule 2 to the Draft Development Consent Order [TR010034/APP/3.1]
- The assessment of effects on the historic environment, sites and features contained in Chapter 6 (Cultural Heritage) of the ES [TR010034/APP/6.3] and the associated figures and appendices [TR010034/APP/6.4] and [TR010034/APP/6.5].
