Dear Case Team

Attendance at the Open Floor Hearing November 18/19

Representatives of High Peak Green New Deal wish to attend the Open Floor Hearing and make representations about the negative impacts of the proposed scheme will have on air quality, the increase in traffic it will bring to Glossop, the lack of any relief for Tintwistle and Hollingworth, and its incompatibility with the need to urgently address climate change.

Peter Allen and I would like to attend.

Yours sincerely,

Linda Walker

Co-ordinator High Peak Green New Deal
