Further to my relevant representation (Registration Identification Number 20029712) I am writing to propose that the Inspectorate undertake the following site visit, which I believe will greatly assist in this Examination.

The Applicant's transport diagrams for the High Peak (**Highways England 6.5 Environmental Statement - Appendix 2.1 - Traffic Data**) suggest diversion of traffic in Glossopdale from the A57, where there are AQMAs, onto alternative routes. I therefore propose a visit which navigates these routes to consider their capacity, character and features during relevant periods am and pm.

I am a long term resident of the area, having lived here since birth and I am especially familiar with the Shaw Lane/Dinting area [REDACTED] As I work full time I would require notice to secure leave for participation.

Yours sincerely,

Stephen Bagshaw
