---

Hello,

Please find attached Michaela Bromleys letter for the deadline 1st December.

I strongly oppose the a57 link rd , my mums house could be on it are v near it we are currently awaiting tests on the ground to find out I hope to god it isn't on it my mum Valerie Bromley has was born and has lived in the village of Mottram all her life ! Her house which she has lived in for over 55 yrs was built by my father we have always vowed to keep this home in our family always for future generations as it hold extra special memories.

I grew up their I go up to my mums most days sadly we lost my dad and then 5 yrs later my brother Craig passed away so that house is everything to my mum myself my daughter my mum has had to work her socks off to keep that house going. It absolutely breaks my heart that we could lose her beautiful home we can't take anymore.

I cannot describe how horrendous this is can you imagine waking up with this going round in your mind every day that's, if I'm lucky enough to sleep because it's making me ill with worry. It is our lives this it's ruining. I would love not to have to think about this you can't even imagine what we're going through ya few years ago my mums house was on the edge of it why can't it be now we've been messed about off highways laughed at at a meeting at at Mary's church Hollingsworth which was appalling! We have been summoned to a meeting at tescos hattersly been told they would ring certain days they haven't sent my mum letters when we've asked them to be sent to me!

We're not trouble causers this comes from the heart we're just ordinary people who want to be left alone and have a peaceful life is that too much to ask , reasons I oppose the rd , it is going right through the middle of mottram through beautiful fields taking mottram showground fields where wildlife go I walk and run and live the countrysid.

It is just moving a roundabout a mile down the road , will encourage more traffic Hollingworth / tintwistle will still have same amount of traffic , glossop is a bottle neck anyway high street is always congested, as soon as there are adverse weather conditions eg snow wind the a628 woodhead shuts and surprise surprise the traffic flows extremely light we all know why know hgvs !!!!

They should not be coming through this way they should use m62 there should be a hgv ban reopen the woodhead rail line and get freight onto rail. Hollingworth primary school and dinting primary school will have more pollution. people want to keep villages and country side.

Please leave us in peace please! my mum can't possibly move it's heartbreaking! it's her home surely people have human rights we just want to be left alone I can't explain the relief that would be we've had 29 years of this uncertainty it's too much for us all! Thank-you

Please don't take my mums home from where she's lost her husband and son let her have some peace

Many thanks  
Hayley Simpson on behalf of Michaela Bromley
