1. Introduction

1.1 Introduction and purpose of this document

- 1.1.1 National Highways (the “Applicant”) has applied to the Secretary of State for Development Consent Order (“DCO”) to determine the Applicant’s proposals for the creation of new link roads and alteration to the existing A57 Link Roads (the “Scheme”). The application is submitted to the Planning Inspectorate (the “Inspectorate”) in accordance with section 37 of the Planning Act 2008 (the “2008 Act”).
- 1.1.2 This document comprises part of the suite of Application documents and is submitted to comply with Regulation 5(2)(o), 5(2)(p) and 6(2) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended), which requires:
- 5(2)(o) ‘any other plans, drawings and sections necessary to describe the proposals for which development consent is sought, showing details of design, external appearance, and the preferred layout of buildings and structures, drainage, surface water management, means of vehicular and pedestrian access, any car parking to be provided, and means of landscaping;’*
- 6(2) ‘If the application is for highway related development or for the construction or alteration of a railway, it must be accompanied by section drawings to suitable horizontal and vertical scales, which show, by reference to Ordnance Survey or Chart datum*
- (a) the levels of the proposed works, including in particular and where relevant:*
- (i) ground levels;*
 - (ii) the height of every proposed bridge, viaduct, aqueduct, embankment and elevated guideway;*
 - (iii) the depth of every proposed cutting and tunnel;*
 - (iv) the levels of the bed of any tidal waters or inland waterway in which it is proposed that any works should be situated;*
 - (v) the height of every structure or device (including a cable, but not catenary and related equipment) intended to be erected above, on or below the surface of, or on or beneath the bed of tidal waters or an inland waterway; and*
 - (vi) drainage outfall details for highways.*
- (b) a cross section of every intended tunnel and any altered gradient of a carriageway or a way forming part of a guided transport system on either side of every level crossing, bridge, tunnel or underpass which would carry the carriageway or way or through which it would pass.’*
- 1.1.3 This document should be read alongside and is informed by the other Application documents, in particular:
- Schedule 1 to the Draft Development Consent Order (TR010034/APP/3.1 (3) submitted at Deadline 5)

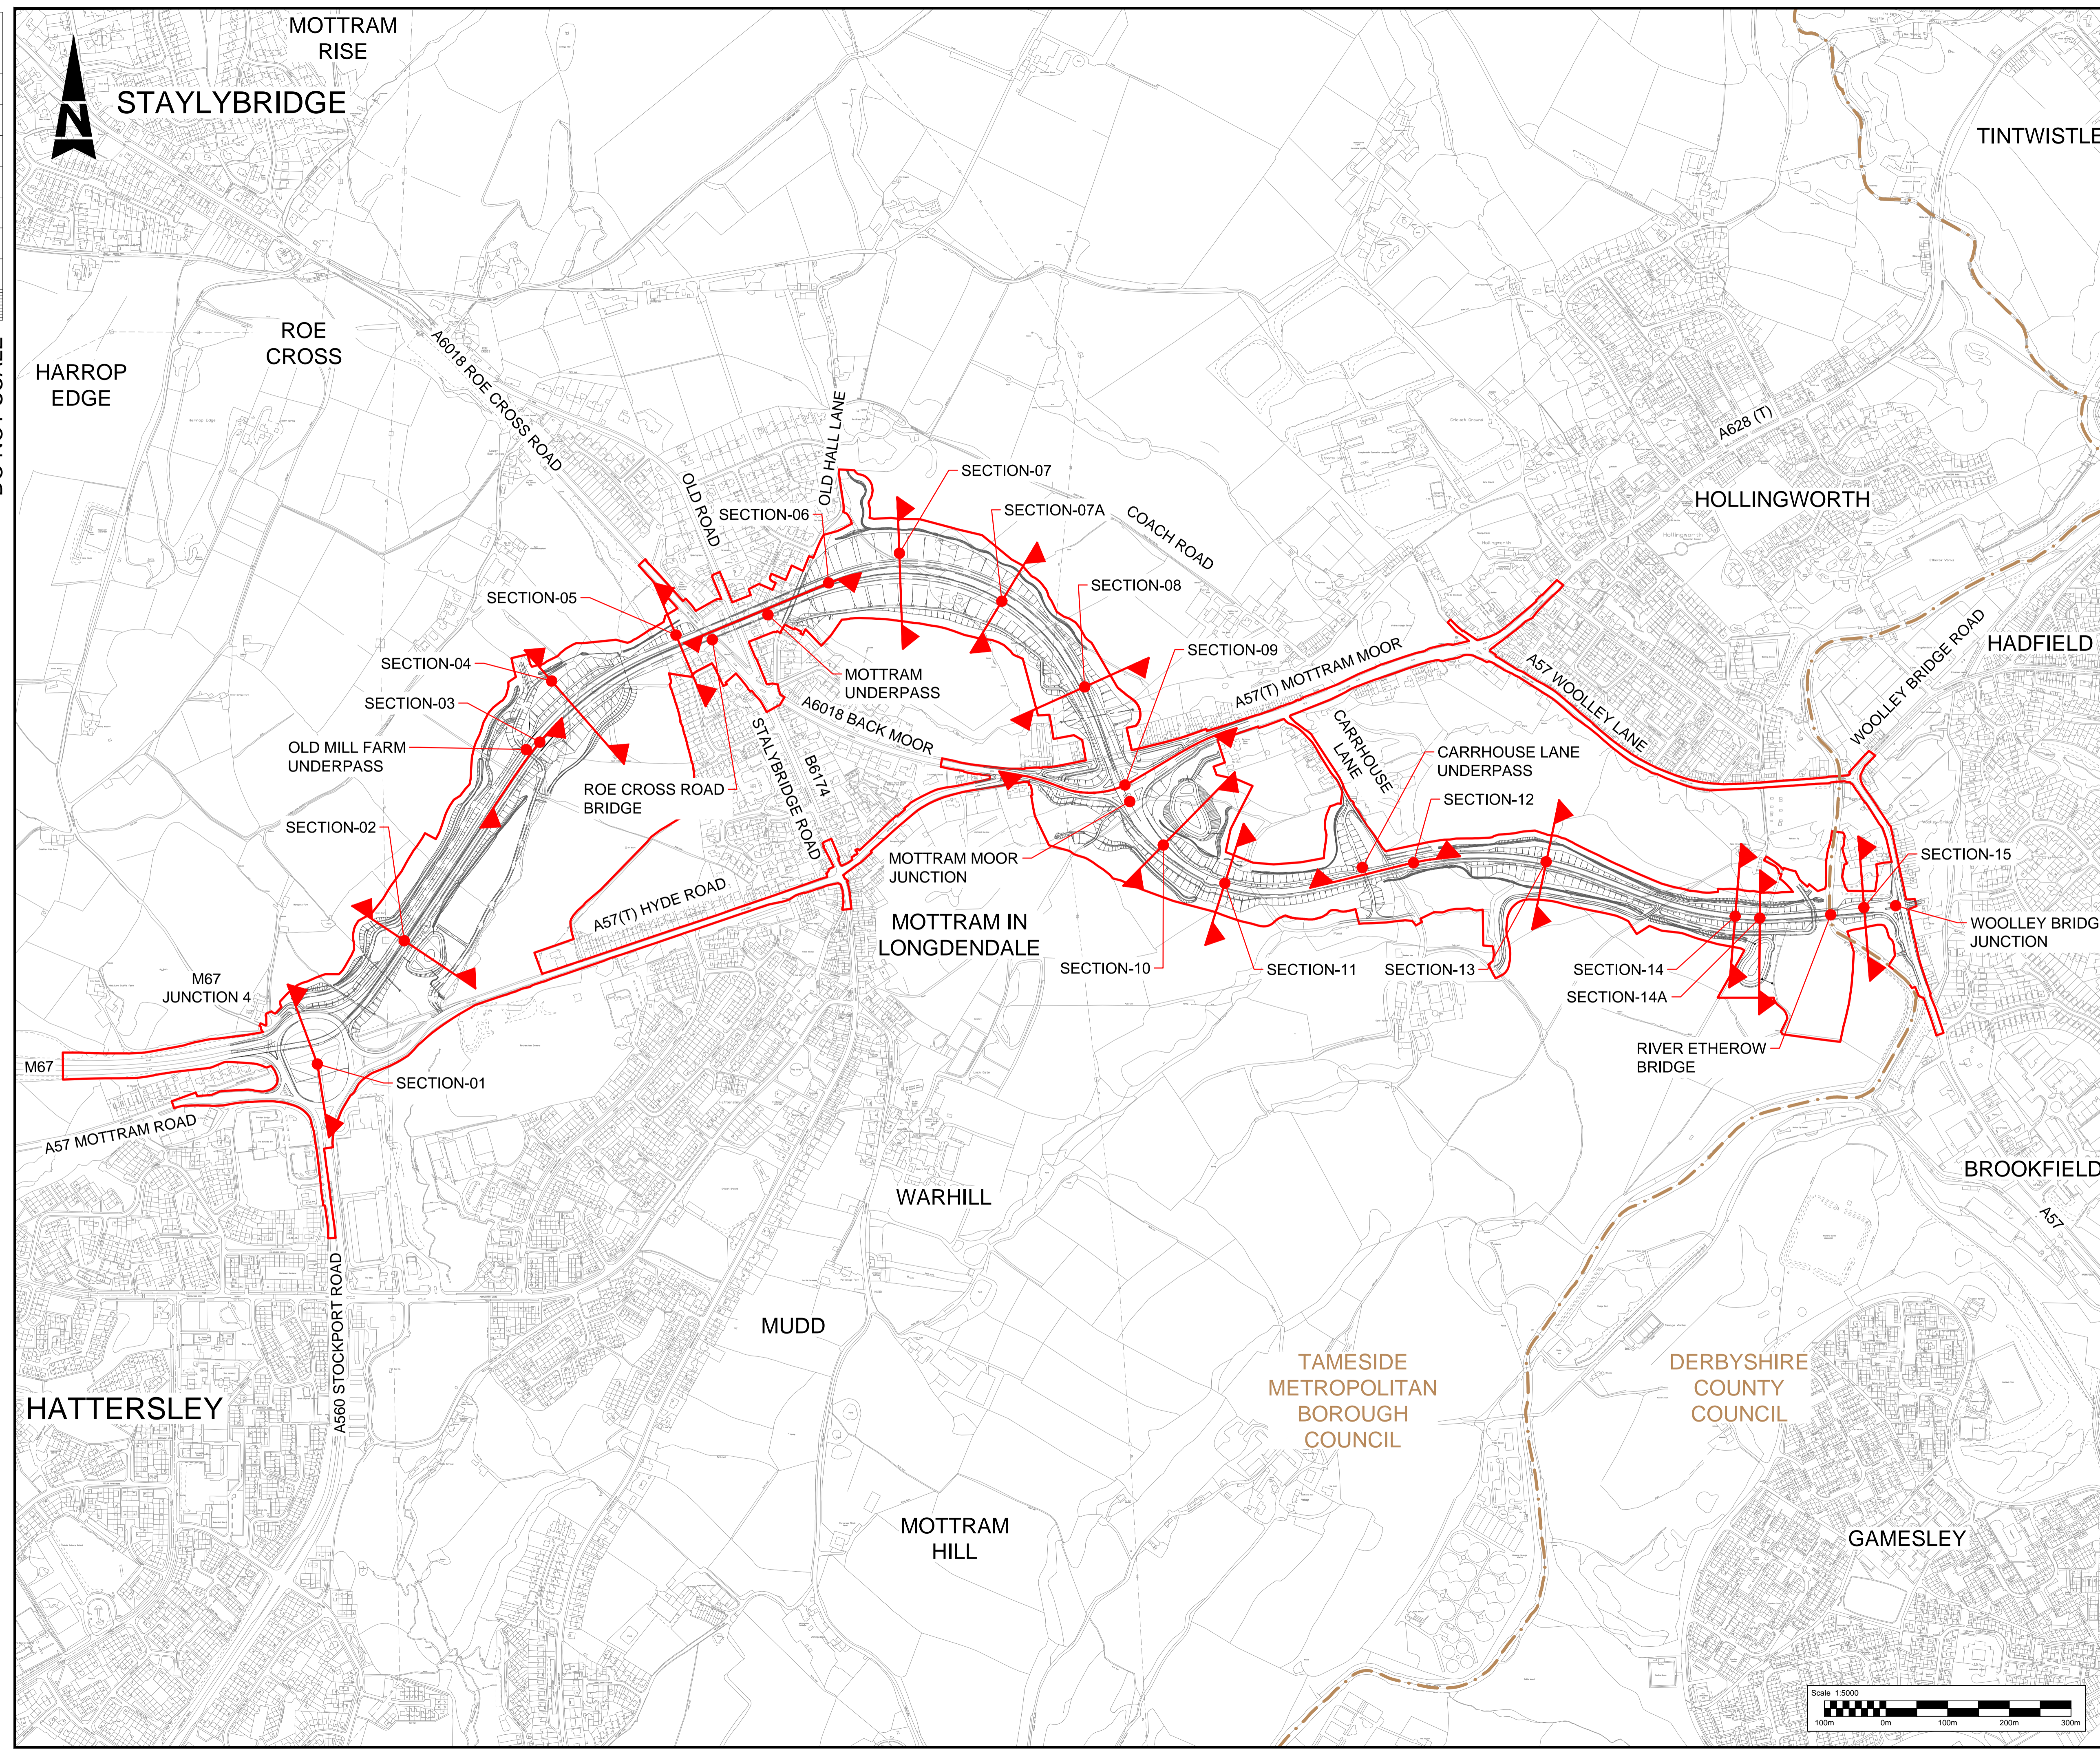

- Works Plans (TR010034/APP/2.3 (3) submitted at Deadline 5)
- Scheme Layout Plans (TR010034/APP/2.6 (3) submitted at Deadline 5)

2. Schedule of plans included in this application document
