Subject: Request to attend the 5-7th April issue specific hearing by Anthony Rae URN: 20029740
Date: 23 March 2022 14:14:24

Dear Edwin

I wish to attend the issue specific hearing between 5-7th April concerning the climate change matter (but no other issue). I have read document 9.59 *Applicant's response to Issue Specific Hearing 2 Item 6 c) and d) Cumulative Carbon Assessment* - and will submit a very concise written response to it later today - but at the hearing I may want to raise the analysis contained in the report prepared by Decarbon8 [Everything counts: why transport infrastructure emissions matter for decisionmakers](#) which directly concerns this topic. However it was only launched on Friday and I have yet to review its relationship to the applicant's climate analysis for their specific scheme. I would want to attend via Microsoft Teams.

Thank you - Anthony Rae
