Subject: Registration to make an oral representation
Date: 11 March 2022 00:32:45

Please accept this email as our request to make an oral representation at Issue-Specific Hearing 3 on 5/6 April.

My preference would be to attend in person, but I recognise that I have no actual need to. If you wish me to attend via Microsoft Teams, then that's fine.

The purpose of our representation will be to explain in more detail the significant effects on the village of Bamford of the A57 Link Roads proposal, which appear not to be recognised at all in any of the documentation which the project has produced.

Peter Leppard
Clerk, Bamford with Thornhill Parish Council
