Dear Mr Cowperthwaite and Mr Dyer,

A57 Link Roads scheme

Development Consent Order application reference: TR010034

National Highways' response to Deadline 11 additional submissions – 13 May 2022

Further to the additional submissions uploaded this morning from CPRE Peak District and South Yorkshire (CPRE) and Climate Emergency Policy and Planning (CEPP), please find enclosed with this letter the following documents:

- A final draft version of the Statement of Common Ground with Transport for Greater Manchester (**TR010034/APP/8.4(3)**); and
- The Applicant's Response to the Letter to the Examining Authority from Interested Parties Submitted at Deadline 10 (**TR010034/EXAM/8.91(1)**).

Although the Statement of Common Ground with Transport for Greater Manchester is still a draft, National Highways believes it to be a final version and the content is not expected to materially change. This final version is currently with TfGM for formal approval and signature and is expected to be received in time for a submission of the final version at Deadline 12.

National Highways is unable to agree with the characterisation of matters by CPRE and CEPP in its late representations. Unless otherwise indicated, National Highways has nothing further to add to its earlier submissions. Save for the submission of the enclosed documents, which are provided to assist the Examining Authority and Interested Parties, National Highways has and will continue to adhere to the examination timetable and the submission of final documents and comments at Deadline 12.

I should be grateful if you would acknowledge safe receipt of this letter and arrange for a copy of it and its enclosures to be uploaded to the Planning Inspectorate project page. If you require any further information on the above, please do not hesitate to contact Scheme Project Manager, Emma Simpson, or I on the following email address: A57LinkRoads@nationalhighways.co.uk.

Yours sincerely,

Andrew Dawson
