Dear Kate Atkins

Re Planning Act 2008 (as amended) and the Infrastructure Planning (Examination Procedure) Rules 2010

Request for comments from Interested Parties on the Applicant's response to the Secretary of State and updates from the Applicant

Thank you for providing the Peak District National Park Authority with the opportunity to provide comment on the Applicant's response to the Secretary of State and updates from the Applicant in relation to the A57 Link Roads Scheme.

The A57 Link Roads scheme lies wholly outside of the boundary of the Peak District National Park. However, traffic flows are predicted to significantly increase on National Park roads as a result of the scheme. Therefore, our participation in the Examination of the scheme has focussed on the effects of the predicted increase in traffic on the Special Qualities of the National Park.

The matters highlighted within the Applicant's response to the Secretary of State and updates from the Applicant are focussed on the area of the scheme outside of the National Park boundary. Therefore, the Peak District National Park Authority has no further comment to make in relation to these matters.

I hope that this response is useful to you, please contact me directly if you have any questions about any of the points contained within this letter.
