#### 4. Confirming why the Planning Inspectorate should receive the application

\* Brief statement to explain why this application is, or is to be treated as, a development for which development consent is required under the Planning Act 2008

The Scheme is a nationally significant infrastructure project ("NSIP") within Sections 14(1)(h) and 22(1) of the Planning Act 2008 ("2008 Act"). Under Section 22 an NSIP must fall within one of the three categories specified, which are expressly stated to be alternatives. This Scheme is construction of a highway in a case within the meaning of Section 22(1)(a). Whilst the Scheme includes some alteration and improvement of the existing A585, the new carriageway will follow a different alignment requiring construction of sections of new highway with a speed limit in excess of 50 miles per hour on an area in excess of 12.5 hectares. The Scheme is wholly located in England and Highways England Company Ltd, being a strategic highways authority, will be the highway authority for the highway to be constructed as part of the Scheme. The Scheme therefore complies with the requirements of Section 22(2) and 22(4) of the 2008 Act.

#### 5. Non-technical description of the Proposed Development

\* Brief non-technical description of the Proposed Development

The proposed development comprises approximately 4.85km of new two lane dual carriageway bypass connecting Windy Harbour junction to Skippool junction. It will include four new junctions connecting the new bypass with existing roads. The scheme also includes the de-trunking, traffic calming and implementation of safety measures along sections of the existing A585 from the Skippool Bridge junction to Little Singleton junction.

#### 6. Location or route of the Proposed Development

\* Description of location of application site(s), or route of development (reference to appropriate plans)

The location of the application site is shown on the Location Plan (Document Reference TR010035/APP/2.1). The scheme falls under the jurisdiction of Wyre Council and Fylde Borough Council. The Scheme follows a route to the south of the ribbon development between Skippool and Little Singleton. The landscape surrounding the Scheme is low lying and coastal characterised by arable fields, pasture, drainage ditches and small to medium sized blocks of mixed woodland.

\* Is the site a single site or a linear site?

☐ Single site ☒ Linear site
