Subject: Support for A585 improvements
Date: 08 July 2019 15:51:16

Dear Sirs

I read that there has been some recent negative comments regarding this much needed improvement to our local infrastructure.

I wish to record my support for your proposals which will improve the lives of many in this area, not just those in the immediate vicinity.

Much industry and many jobs have been lost already due to the difficulties in getting to and from the Blackpool North, Thornton Cleveleys and Fleetwood areas but these improvements may persuade others to remain here and even some others to return.

Regards

Stuart Smith
