Dear Mr Hargreaves,

**A585 Windy Harbour to Skippool Improvement Scheme ("the Scheme")**

I refer to our previous correspondence in connection with the above matter.

As you are aware, Highways England needs to acquire the following plots of land from you in order to implement the Scheme:

- Plot 4/06c
- Plot 4/06k
- Plot 4/06l
- Plot 4/06d

You have indicated that you are prepared to enter into discussions regarding Highways England purchasing your land by negotiated agreement.

Following your request that your plots of land to the north of the Scheme remain connected once the bypass is constructed, Highways England is proposing to make various changes to the Scheme within the vicinity of your land, including:

- Provision of a link to the main farm land with the plot to the north-east of Culvert 1 as the bypass severs the northern land parcel
- Construction of a farm access track 3.5m wide within a nominal width of 5.5m
- Provision of accommodation fencing on the north side of the access track
- Provision of farm gates at both ends of the access track
- Provision of an accommodation culvert (0.9 metre diameter) across the ditch to the north-east of Culvert 1

The proposed changes are shown on the enclosed drawing (HE548643-ARC-LLO-SZ\_ZZ000DR-D-3036).

You will see that, in order to carry out the changes, Highways England will need to change the extent of the land acquired from you as follows:

Plot	Current Proposal	Proposed Change
4/06c	Temporary Possession	Reduce area by 18 square metres
4/06k	Permanent Acquisition	New plot for access track comprising 22 square metres
4/06l	Permanent Acquisition	New plot for access track comprising 122 square metres
4/06d	Temporary Possession	Reduce area by 46 square metres

Provision of the access track will be subject to arrangements being agreed with you for the transfer of the access track to you following completion of the Scheme.

Please can you confirm by return that you are agreeable to these changes and Highways England purchasing these plots of land from you by signing and returning the enclosed copy of this letter?

If you have any queries about this correspondence, please do not hesitate to contact me using the details provided below.
