The Applicant has questioned Mr Norman's right to include Hazlegrove School in the list of bodies (IPs) supporting his formal written submission.

Please find attached a copy of an email from Louis Tuson Bursar of Hazlegrove School agreeing to support Mr Norman's representations.

As a parish councillor Mr Norman is able to support any parishioner within the parish of Queen Camel.

Kind regards.

Les Stevens

Clerk to West Camel Parish Council - on behalf of Mr Bryan Norman.

Dear Bryan,

Thank you very much for taking the time to visit last week and for sending through the draft representation which I have not had the opportunity to read. I can confirm that Hazlegrove is happy to support the representations detailed in your draft.

Separately I have made a representation focussing on our concerns on how traffic will circulate at peak times coming in and out of Hazlegrove. We have a particular concern at the morning drop off where almost all of the traffic is condensed into some 30 minutes. We have met with representatives of the consultant on a number of occasions and requested confirmation that the traffic flows have been properly modelled using real data across all times of the day. We have had no such confirmation therefore remain concerned about vehicle behaviour at the t-junction coming onto the new drive, and the risks of traffic backing up onto the roundabout.

Many thanks.

Louis
