Tuesday 12 March 2019

Dear Ms. Coffey,

Infrastructure Planning (Examination Procedure) Rules 2010 – Request by the Examining Authority for further information under Rule 17

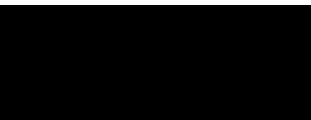

Application Ref TR010036 - A303 Sparkford to Ilchester dualling scheme

I refer to the Examining Authority's letter dated 11 March 2019, requesting further information in relation to our application to make a material change to our application for a Development Consent Order.

For the avoidance of doubt, the Applicant requests that as part of this material change request, Work Number 59 is removed from the Application, which was for the proposed construction of an accommodation track for Blackwell Farm between points DR and DS.

The Applicant requests that Work Number 104 is included within the Application, which is the proposed widening of the carriageway of the public highway at the junction between Traits Lane and Blackwell Road.

Yours sincerely,

Hannah Sanderson
Senior Project Manager
