FAO Ms Lesley Coffey,

Please see the attached response from Alex Murphy to our reasonable request for sight of the 'Hazlegrove Overlay Drawing' you requested for submission at Deadline 4.

This approach isn't helpful and potentially suggests a more robust rebuttal to your examination of 'alternative options'?

Kind regards.

Hello Les,

Chris forwarded me your e-mail and asked that I respond.

I'm afraid that we are not able to send through the composite drawing and will explain our reasoning in more detail as part of our Deadline 5 submission.

Thank you for your understanding.

Alex

Hi Chris,

Could you share a copy of your overlay drawing please that was originally due by Deadline 4 and is now expected by Deadline 5?

A pdf version would be appreciated as locally we don't have CAD software.

Many thanks.
