Subject: RE: A303 Sparkford to Ilchester - non-material change request
Date: 20 March 2019 15:08:58

Dear Michele

The Applicant notes the Examining Authority's determination that the request made in REP4-043 is material and cannot be examined in the terms submitted due to the engagement of the Infrastructure Planning (Compulsory Acquisition) Regulations 2010. We have therefore taken that letter as a determination not to examine the change request submitted. The Applicant advises that a further request treating the changes as material will not be submitted. The Applicant is not proposing to take any further action in respect of the land identified in the request REP4-043. As set out in the request, the change was proposed in an attempt to address comments made by an interested party, not as a change considered to be required by the Applicant. The Applicant is content to have the Application examined as it currently stands.

Kind regards

Elliot
