HIGHWAYS ENGLAND
SECTION 48 PLANNING ACT 2008
REGULATION 4 OF THE INFRASTRUCTURE PLANNING
(APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE)
REGULATIONS 2009
A47/A11 THICKTHORN JUNCTION IMPROVEMENTS
NOTICE PUBLICISING A PROPOSED APPLICATION FOR A
DEVELOPMENT CONSENT ORDER

HIGHWAYS ENGLAND COMPANY LIMITED of Bridge House, 1 Walnut Tree Close, Guildford, GU1 4LZ ("the Applicant") proposes to make an application ("the Application") under Section 37 of the Planning Act 2008 to the Secretary of State for Transport for a Development Consent Order.

Highways England is proposing to upgrade the A47/A11 Thickthorn junction. The Scheme comprises:

- Constructing two one-way link roads connecting A11 South to A47 East via three underpasses (under the A11, the A47 westbound and the A47 eastbound), and connected side road works.
 - The existing A47/A11 Thickthorn Junction roundabout will be upgraded to incorporate an additional lane on the southern section. Traffic signals will be provided when approaching the junction from the B1172.
 - Constructing a new link road connecting Cantley Lane South to the B1172 Norwich Road. This will require the construction of two new overbridges.
 - The existing Cantley Lane South connection to the A47 exit will be closed off as part of the works, with a turning facility provided to allow vehicle movements.
 - The existing Cantley Lane stream and nearby access track will be realigned to the west. This will require an extension of the existing stream culvert and provision of a new stream culvert underneath Cantley Lane South.
 - A new footbridge will be constructed over the A47 for walkers, cyclists and horse riders 200m east of the existing footbridge, which is to be demolished as part of the Scheme.
 - Widening the western side of the Cringleford railway bridge to accommodate the A47 to A11 link road.
 - In addition, any necessary rights and powers will be sought to ensure delivery of the Scheme, including compulsory acquisition.
- The scheme is an Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means an Environmental Statement will be submitted as part of the Application, and a Preliminary Environmental Information Report ("PEIR") forms part of the consultation material.

Consultation on the proposals will take place from Monday 3 June 2019 to Thursday 11 July 2019. Copies of the consultation materials - including the consultation brochure; plans and maps showing the nature and location of the proposed development; the PEIR; the Statement of Community Consultation (SoCC); and this publicity notice - will be available for inspection free of charge at the following locations and times:
