Planning Inspectorate Scheme Reference	TR010037
Application Document Reference	TR010037/APP/2.4
Author:	A47/A11 Thickthorn Junction Project Team, Highways England

Version	Date	Status of Version
Rev.0	March 2021	Application Issue

## CONTENTS

1.	Introduction1
2.	Schedule of Plans in this Application Document2

#### 1. INTRODUCTION

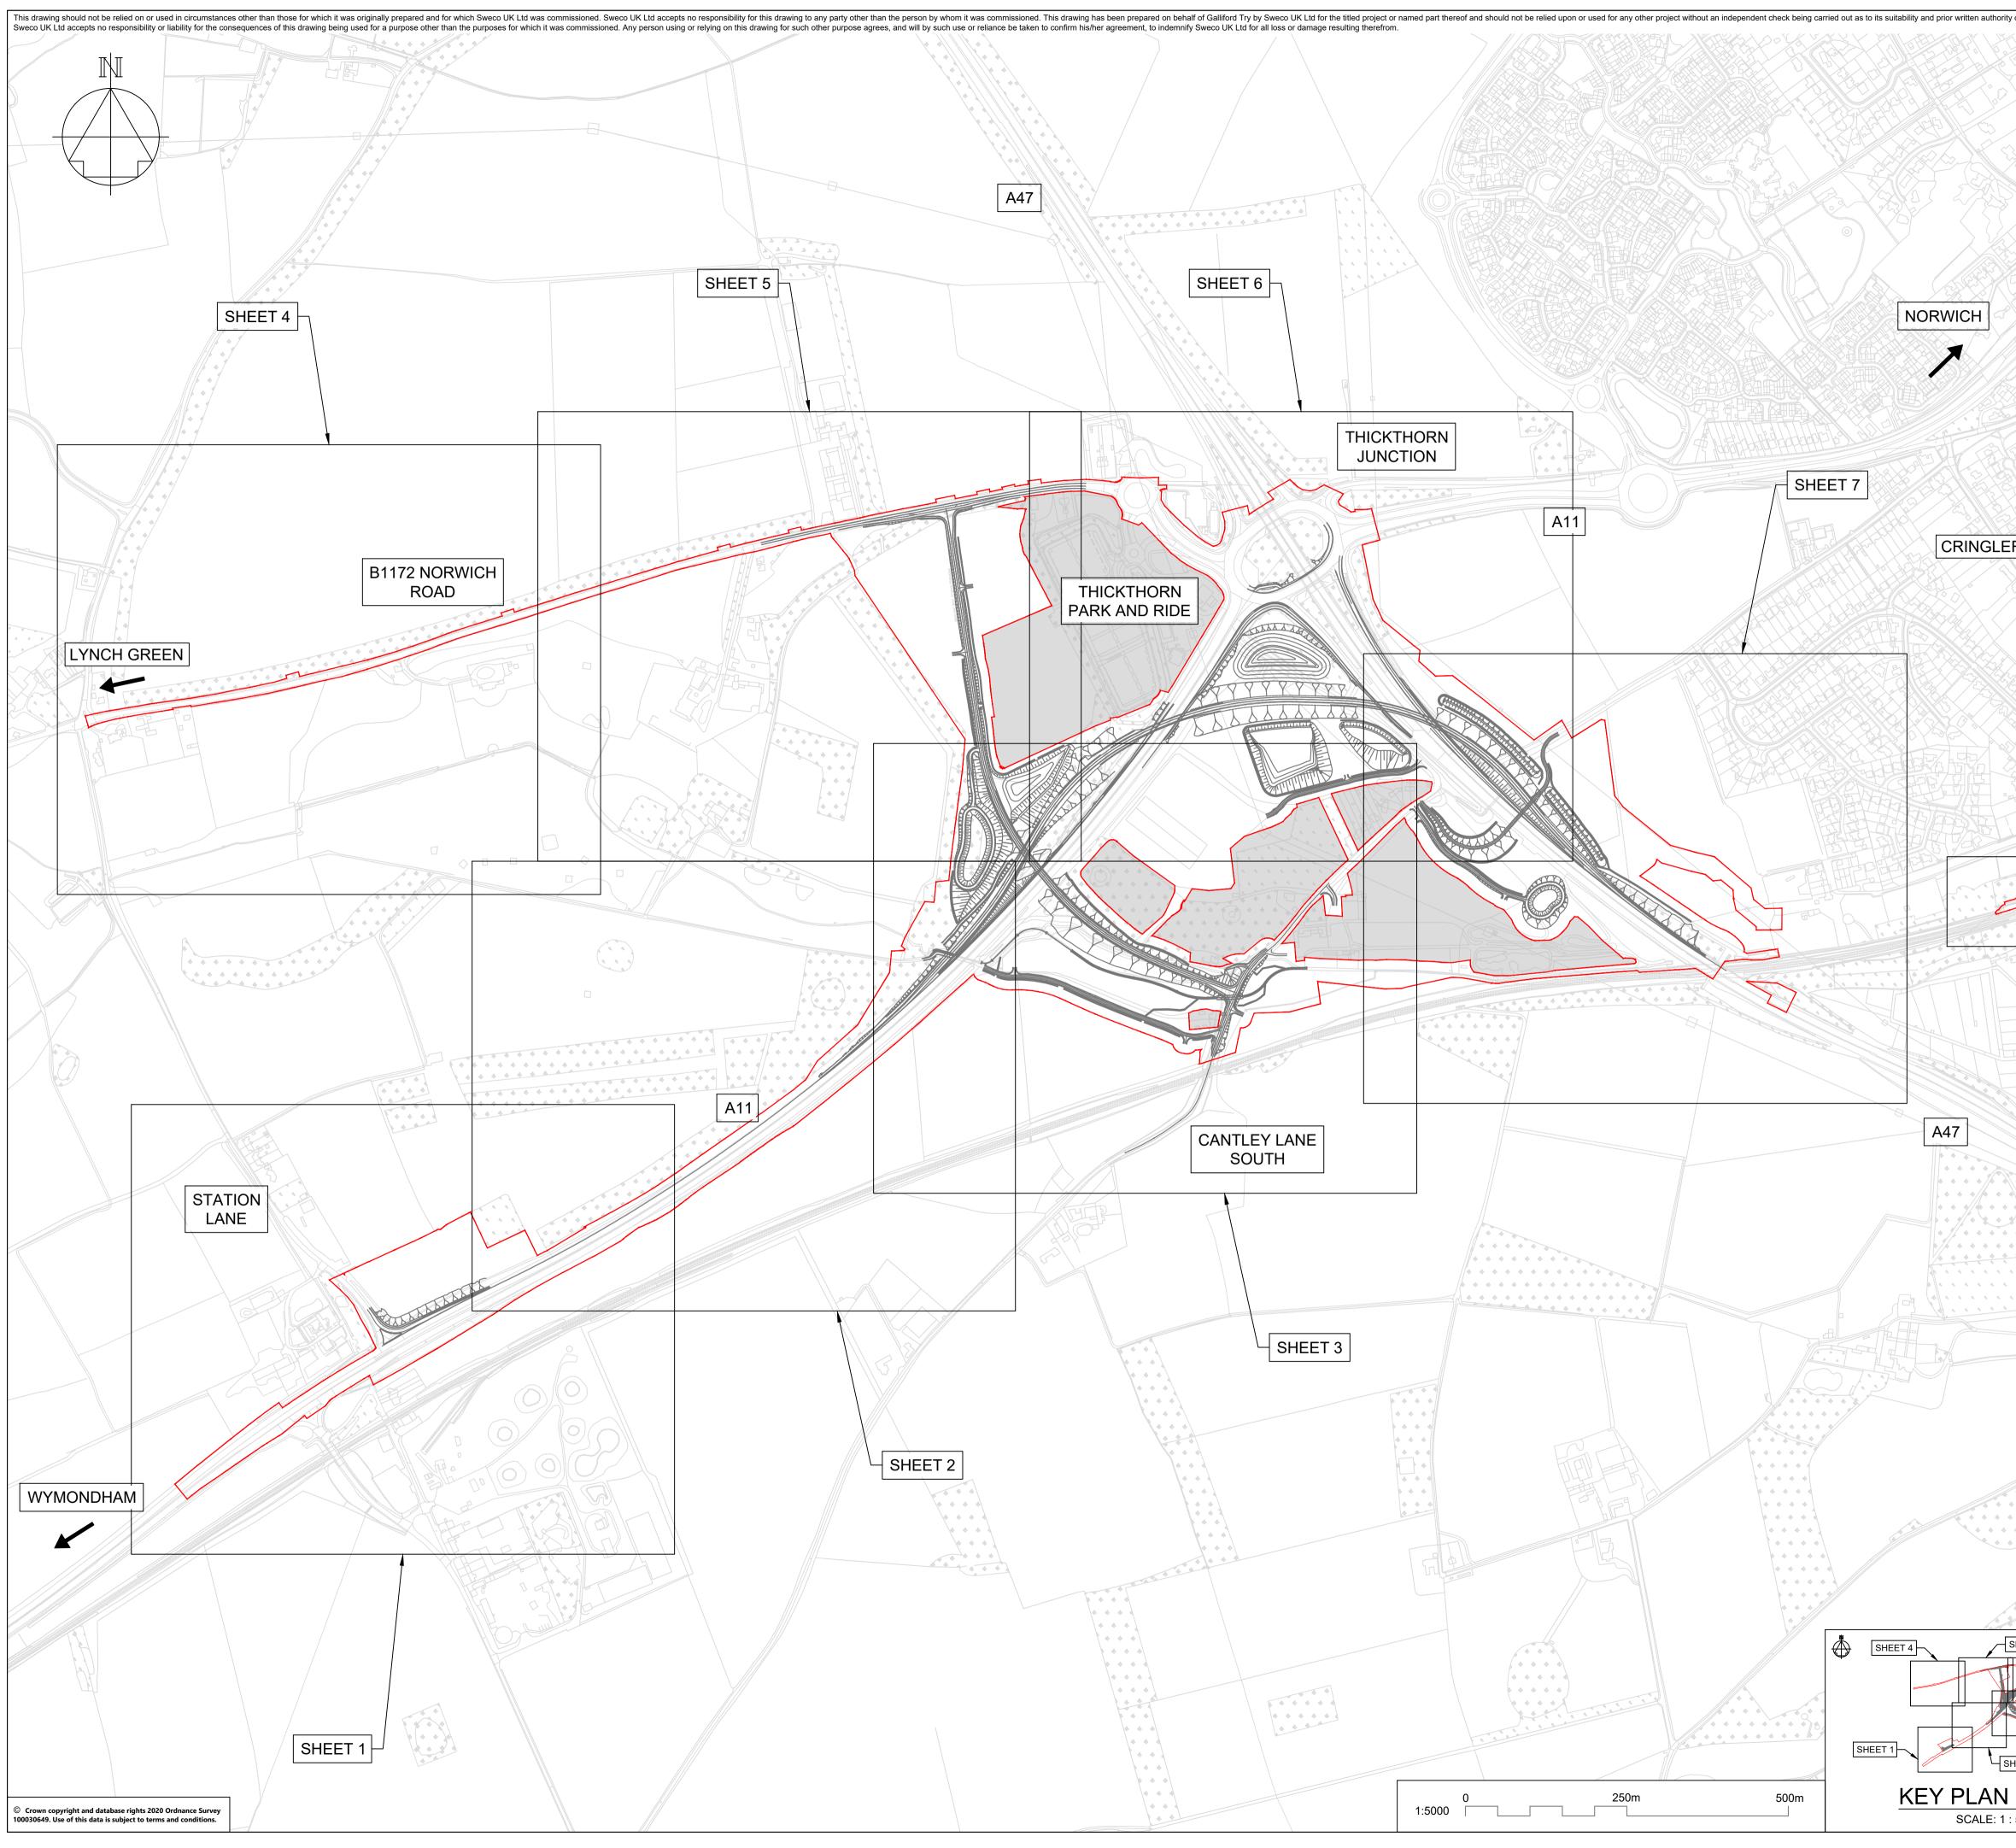

- 1.1.1. The Works Plans (the "Plans") relate to an application made by Highways England (the "Applicant") to the Secretary of State of Transport, via the Planning Inspectorate (the "Inspectorate") under section 37 of the Planning Act 2008 (PA 2008) for a Development Consent Order (DCO). If made, the DCO would grant consent for the A47/A11 Thickthorn Junction (the "Scheme"). A detailed description of the Scheme can be found in Chapter 2: The Proposed Scheme of the Environmental Statement (ES)(**TR010037/APP/6.1**)
- 1.1.2. The Plans comprise part of the suite of Application documentation and are included in the application for a DCO in compliance with Regulations 5(2)(j) and 5(4) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the "2009 Regulations"), which require:
  - (j) "a work plan showing, in relation to existing features
    - *i.* the proposed location or (for a linear scheme) the proposed route and alignment of the development and works; and
    - ii. the limits within which the development and works may be carried out and any limits of deviation provided for in the draft order" 5(4) "where a plan comprises three or more separate sheets a key plan must be provided showing the relationship between the different sheets."

5(4) "where a plan comprises three or more separate sheets a key plan must be provided showing the relationship between the different sheets".

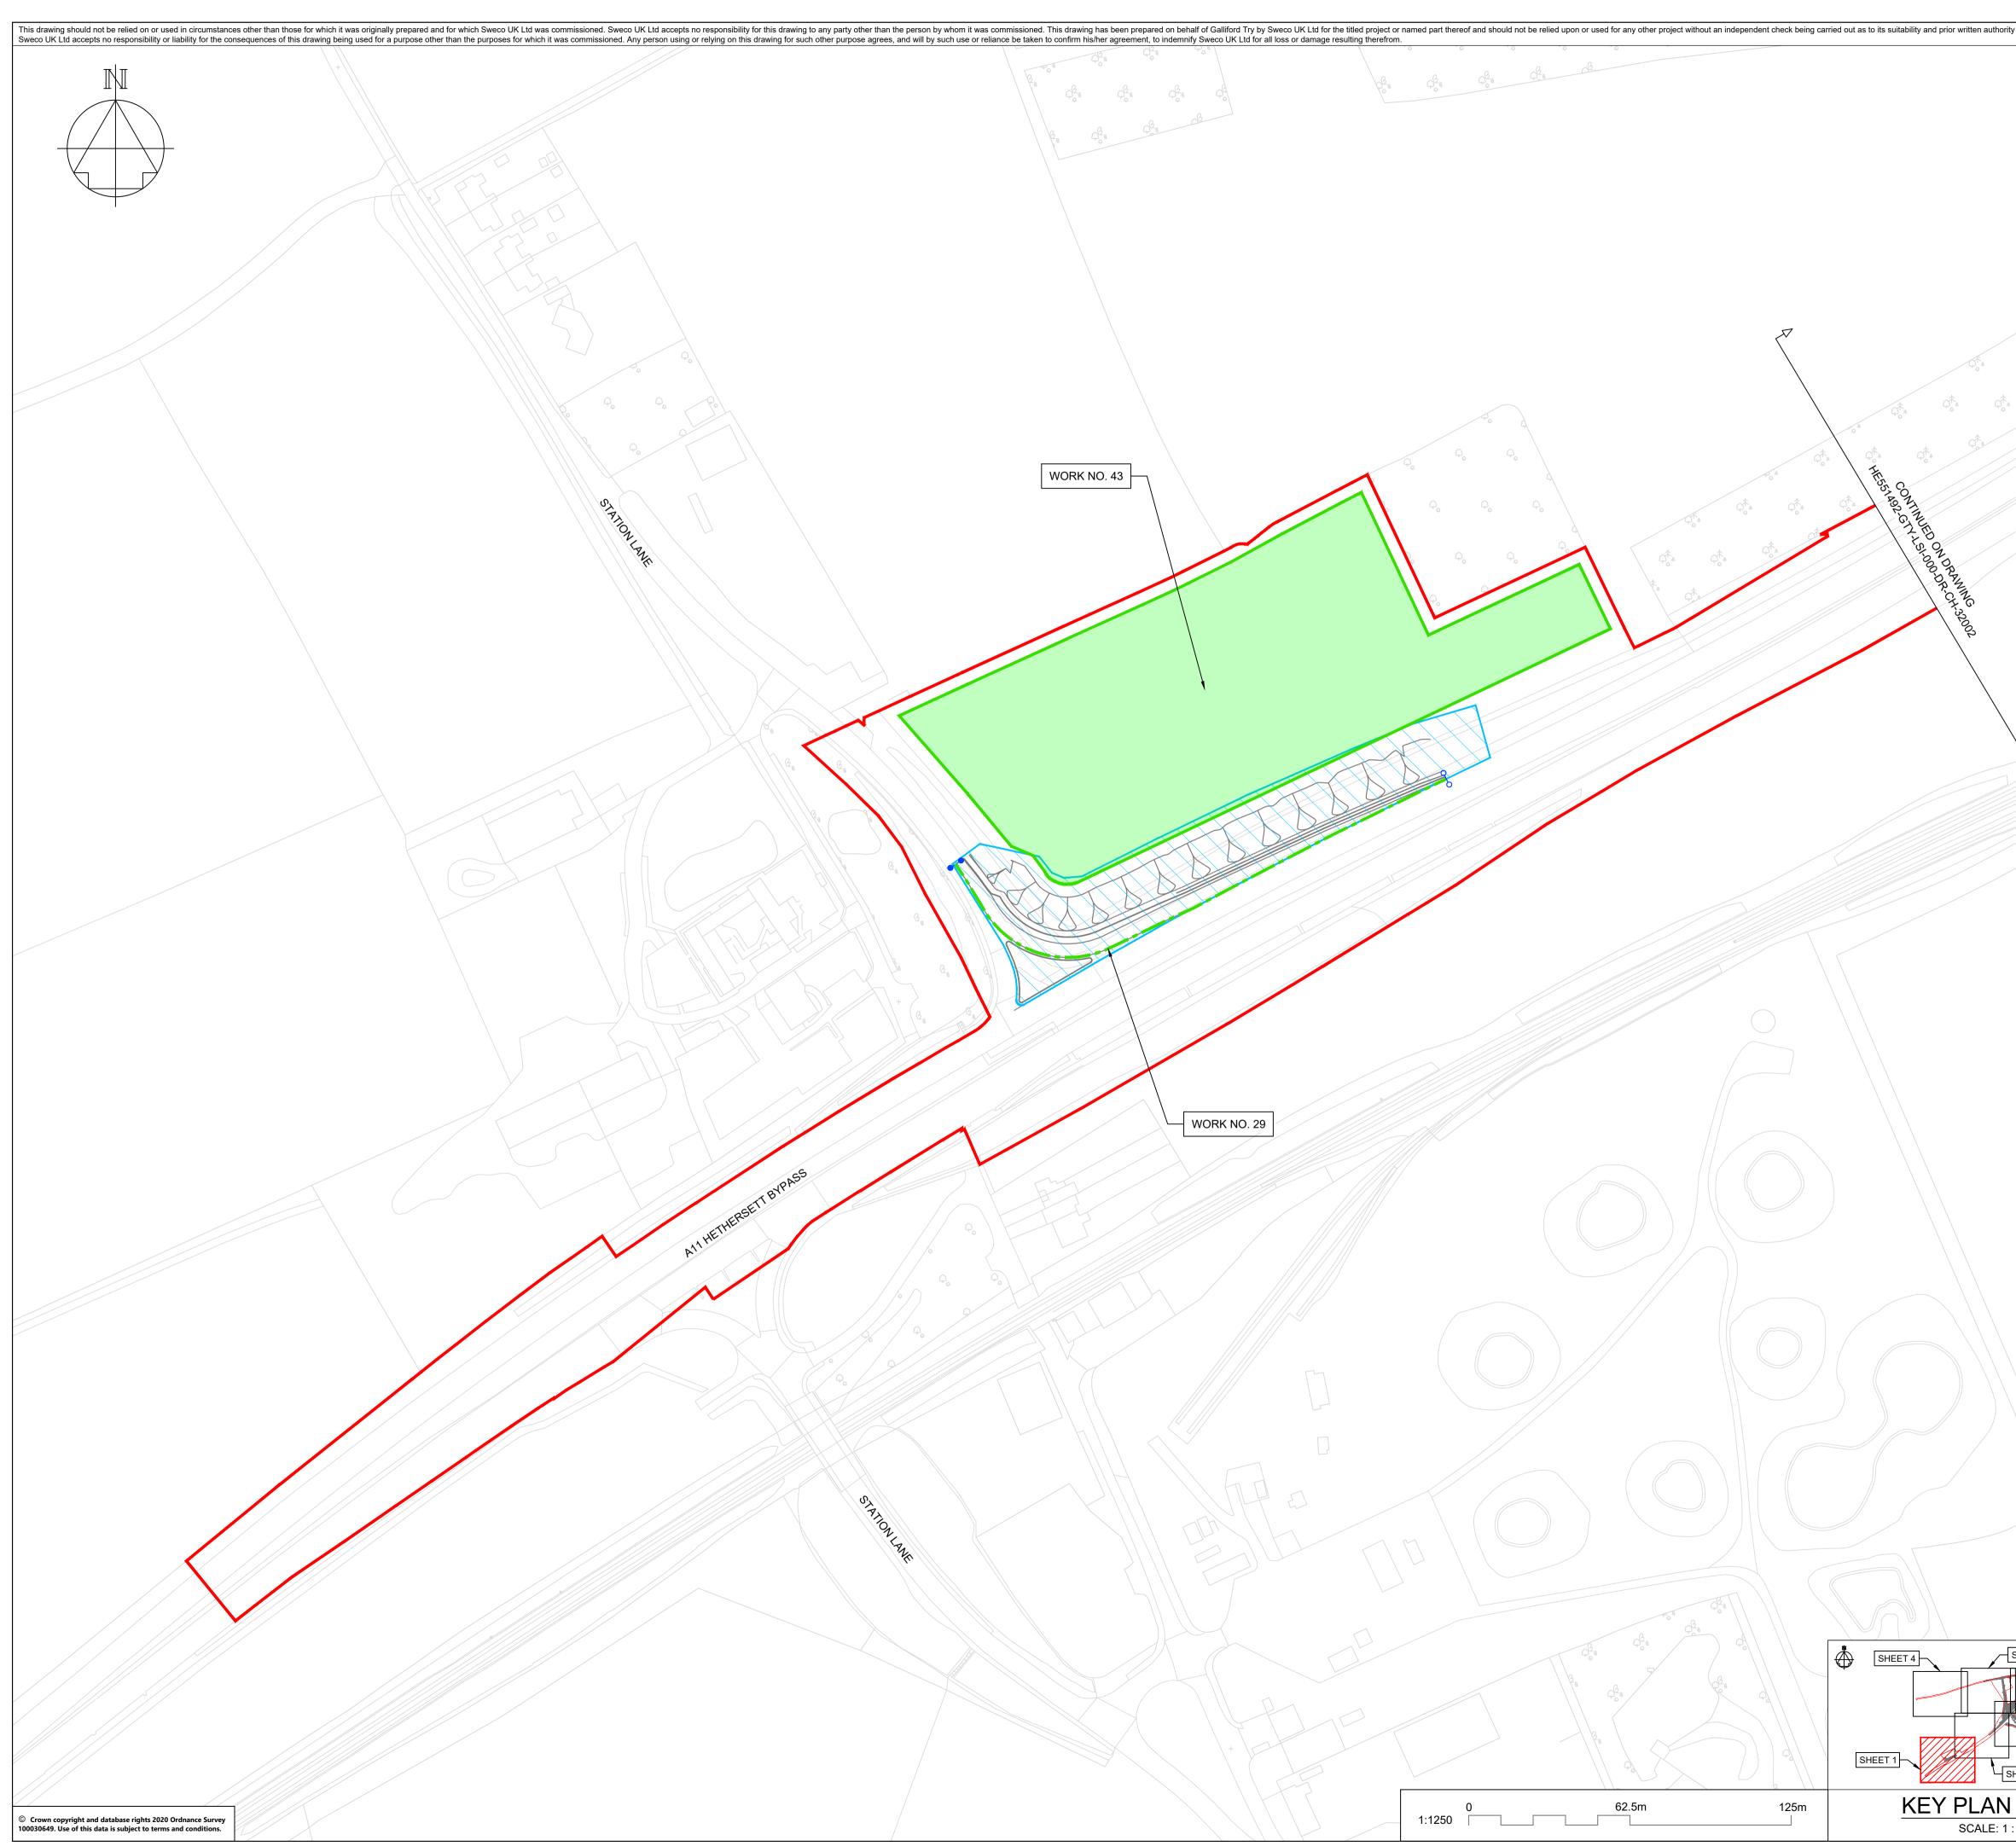

1.1.3. As the Plans are part of the application documentation, they should be read alongside and are informed by the other application documentation. In particular, the Plans should be read alongside Schedule 1 of the draft DCO (**TR010037/APP/3.1**), the General Arrangement Plans (**TR010037/APP/2.2**) and the Engineering Drawings and Sections (**TR010037/APP/2.7**).

## 2. SCHEDULE OF PLANS IN THIS APPLICATION DOCUMENT
