Registration identification number: 20028389

A47/A11 Thickthorn Junction Summary

While the County Council supports the principle of upgrading the existing A47/A11 Thickthorn Junction, there are a number of detailed issues in respect of, amongst other things, local highway and access matters, flood risk and environmental management, and potential impact on delivery of council services that will need to be resolved ahead of any final decision on the DCO.

The most significant item of concern relates to unresolved issues around the county council taking on responsibilities for assets including significant new infrastructure comprising a link from the B1172, across the A11 trunk road and Norwich-Cambridge railway line, to Cantley Lane south and the proposed classification of this new link as a B class road.

In summary the County Council supports the principle of upgrading the existing A47/A11 Thickthorn Junction subject to the implementation of appropriate highway, historic environment, and surface water conditions / requirements being resolved through the DCO process.
