Dear David,

A47 North Tuddenham to Easton Dualling draft Statement of Community Consultation

I am writing regarding the draft Statement of Community Consultation for The A47 North Tuddenham to Easton Dualling (enclosed). As you may be aware, we are currently preparing an application for a Development Consent Order (DCO) that will allow us to make improvements to the A47 between North Tuddenham and Easton. The DCO application will be submitted to the Planning Inspectorate (PINS) for consideration before a final decision is made by the Secretary of State for Transport (DfT).

This is a large-scale project known as a Nationally Significant Infrastructure Project (NSIP) and we have been developing our proposals in consultation with statutory stakeholders, landowners, businesses and local communities in Norfolk. To date, our consultation has been in the 'informal' or 'non-statutory' stage.

The Planning Act 2008 requires Highways England to:

"consult the relevant local authority on what should be in the promoter's Statement of Community Consultation (SOCC), which will describe how the promoter proposes to consult the local community about the proposals" (Planning Act 2008 Guidance Note).

As part of the informal stage of consultation with stakeholders, we are inviting you on behalf of your local authority to participate in informal consultation on the contents of our Statement of Community Consultation, prior to the formal consultation on the Statement of Community Consultation under s48 Planning Act 2008.

A member of the project team will be in touch in the coming days to arrange a meeting to discuss any comments on the draft Statement of Community Consultation you may have.

If you do not feel a meeting would be appropriate you can send your comments on the Statement of Community Consultation to:

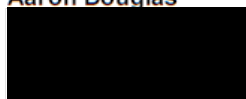

A47NorthTuddenhamtoEastonRIS@highwaysengland.co.uk

Please find enclosed a draft copy of the Statement of Community Consultation for your review.

I look forward to meeting you at the informal consultation event.

Kind regards,

Aaron Douglas

Highways England Project Manager

Dear Sir / Madam

A47 North Tuddenham to Easton Consultation on draft Statement of Community Consultation 17 January 2020 – 14 February 2020 Planning Act 2008 Section 47(2)

I am writing regarding the draft Statement of Community Consultation for the A47 North Tuddenham to Easton scheme (enclosed). As you may be aware, we are currently preparing an application for a Development Consent Order (DCO) that will allow us to make improvements to the A47 between North Tuddenham and Easton. The DCO application will be submitted to the Planning Inspectorate (PINS) for examination before a final decision is made by the Secretary of State for Transport.

This is a large-scale project known as a Nationally Significant Infrastructure Project (NSIP) and we have been developing our proposals in consultation with statutory stakeholders, landowners, businesses and local communities in Norfolk. To date, our consultation has been in the 'informal' or 'non-statutory' stage. As part of that informal consultation process, we have sought your views on the proposed project. We are grateful to your authority for the informal feedback you have provided in shaping the scheme to date. We are also required to formally consult your authority on how we propose to consult the local community.
