The Examining Authority's written questions and requests for information (ExQ1)

Our ref: PL749923

Date notified: 18th August 2021

PINs Ref: TR010038

Response deadline: 14th September 2021

Telephone: [REDACTED]

Project title: A47 Easton to North Tuddenham

Response prepared by: David Eve, Inspector of Historic buildings and Areas, Historic England

Response dated: 27th August 2021

Q9.0.4 Chapter 6: Cultural Heritage [APP-04 5], Section 6.7, identifies the baseline conditions. Are HE, SNC, BDC, NCC and HE in agreement with this list and the overall assessment of effects on these?

Response: We are broadly content with the assessment set out in section 6.7 and consider it includes the appropriate heritage assets within the study area. In our written representations we have given detailed consideration to the grade I and II* listed buildings identified in this section. We have not considered the grade II listed buildings, conservation areas or undesignated heritage assets and would refer to the local planning authorities for detailed comment on their assessment contained in section 6.7.
