## 1 INTRODUCTION

### 1.1 Purpose of this document

1.1.1 This Book of Reference relates to an application made by Highways England (the "Applicant") to the Secretary of State for Transport via Planning Inspectorate under the Planning Act 2008 (the "2008 Act") a Development Consent Order ("DCO"). If made, the DCO would grant consent for the A47 Blofield to North Burlingham Scheme (the "Scheme").

A detailed description of the Scheme can be found in the Chapter 2: The Proposed Scheme of the Environmental Statement. (**TR010040/APP/6.1**)

1.1.2 This Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition (Articles 23), compulsory acquisition of rights and restrictive covenants (Article 26) and powers of temporary possession (Article 33) in the DCO for the purposes of the Scheme. For each plot it identifies

1.1.3 whether the Applicant is seeking the power to acquire that plot outright, the power to create and/or acquire permanent rights, or the power to create and/or acquire temporary rights of possession and use. It also lists the persons with land outside the DCO boundary who may be entitled to make a relevant claim for compensation due to the effects of construction or when the new or altered road is in use.

1.1.4 This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the "2009 Regulations"), as amended, and in accordance with the Department for Communities and Local Government guidance 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (September 2013).

1.1.5 As this Book of Reference is part of the application documents for the Scheme it should be read in conjunction with the Lands Plans (**TR010040/APP/2.2**), the Crown Land Plans (**TR010040/APP/2.7**) the Statement of Reasons (**TR010040/APP/4.1**) and the Draft DCO (**TR010040/APP/3.1**).

1.1.6 This Book of Reference is divided into five parts as prescribed by Regulation 7(1) of the 2009 Regulations. Each of the five Parts are summarised in the next chapter, together with a brief commentary on how the requirements in the Regulations have been interpreted and applied to the collation of each Part of the Book of Reference.

## 2 BOOK OF REFERENCE DESCRIPTION

### 2.1 PART 1 DESCRIPTION

Regulation 7(1)(a) of the 2009 Regulations states;

2.1.1 *Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to –*

- I. powers of compulsory acquisition;*
- II. rights to use land, including the right to attach brackets or other equipment to buildings; or*
- III. rights to carry out protective works to buildings*

2.1.2 Part 1 of this Book of Reference contains the names and addresses of each person within Categories 1 and 2, as set out in Section 57 of the 2008 Act, along with the approximate area of each plot of land in which the development will be carried out.

A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land.

2.1.3 Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.

2.1.4 The Applicant has taken the approach of seeking powers of compulsory acquisition (or rights) in respect of all plots of land required for the Scheme even where it already holds an interest or presumes it holds an interest in the land.

2.1.5 This approach has been taken to ensure that it has the right to acquire the interests it needs in the whole of the DCO land even where an unidentified owner later asserts an interest in land which the Applicant believes it owns.

## 2.2 PART 2 DESCRIPTION

Regulation 7(1)(b) of the 2009 Regulations states;

*“Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57”*

2.2.1 Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the 2008 Act.

2.2.2 A person is within Category 3 if the Applicant thinks that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the 2008 Act. These include persons whose land is not directly affected under the DCO (their interest is outside the DCO boundary) who we believe would or might be entitled to make a relevant claim; and the persons identified in paragraph 2.2.4 below. A relevant claim is a claim under section 10 of the Compulsory Acquisition Act 1965, a claim under Part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the 2008 Act.

2.2.3 It is considered that Category 3 also includes:

- 2.2.4 • Certain Category 1 ‘Owners’ (where land is not being permanently acquired);
- All Category 1 ‘Lessees and Tenants’.
- Any Category 2 interests for land within the DCO boundary; and
- Persons with land outside the Order Limits who the applicant thinks might be able to make a relevant claim (as defined above).

## 2.3 PART 3 DESCRIPTION

Regulation 7(1)(c) of the 2009 Regulations states;

2.3.1 *Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with*

Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with as part of the DCO.

2.3.2 Category 2 persons included within Part 1 of this Book of Reference have also been included within Part 3 where their rights may be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is

2.3.3 required permanently or temporarily.

Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.

2.3.4

## 2.4 PART 4 DESCRIPTION

Regulation 7(1)(d) of the 2009 Regulations states;

*Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made*

### 2.4.1

For the avoidance of doubt, any land held by the Applicant no longer constitutes Crown Land (as defined in Section 227 of the 2008 Act). A transfer scheme made pursuant to the Infrastructure Act 2015 transferred the “Highways Agency Designated Undertaking” which is defined as the property and rights which were held for the purposes of Relevant Highway Agency Purposes (ie activities which were carried out by the Highways Agency or those which concerned functions relating to the highways) to the Applicant. This includes, for example, all highways in England previously under the jurisdiction of the Highways Agency unless they were specifically excluded. As the Applicant is not a government department nor does it hold said interests on trust, these plots are not considered Crown Land (as per section 227 of the 2008 Act).

### 2.4.2

## 2.5 PART 5 DESCRIPTION

Regulation 7(1)(e) of the 2009 Regulations states;

*Part 5 specifies land –*

- 2.5.1
- i. the acquisition of which is subject to special parliamentary procedure;*
  - ii. which is special category land*
  - iii. which is replacement land*

Part 5 of this Book of Reference specifies land that as part of the DCO is acquired subject to special parliamentary procedure, is special category land or is replacement land.

2.5.2 The Order Limits do not include any land falling within these categories.

2.5.3

### 3 BOOK OF REFERENCE NOTES

Part 1 of this Book of Reference provides the area in square metres of all land included in the DCO.

3.1.1 The term ‘approximately’ is used before all plot area measurements as these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.

3.1.2

**Table 3.1 - Relationship with the Land Plans and DCO**

Colour of the plot on Land Plans	Description of the plot in the Book of Reference	Principal land use power sought	Principal relevant DCO Article
<i>Pink</i>	<i>“All interests and rights in...”</i>	<i>Compulsory acquisition of all interests and rights in land (including as required, subsoil, surface land or airspace)</i>	<i>Article 23</i>
<i>Blue</i>	<i>“Acquisition of rights over and temporary possession and use of...”</i>	<i>Creation and compulsory acquisition of new rights (including where necessary, a right to impose restrictive covenants) and Temporary possession and use of land</i>	<i>Article 26</i>
<i>Green</i>	<i>“Temporary possession and use of..”</i>	<i>Temporary possession and use of land</i>	<i>Article 33</i>

3.1.3 Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the Land Plans sheet on which the plot is located. The second number differentiates between different land owners on each plan. The numbers given to each land owner are assigned from west to east. Finally, the letters which suffix the land owner reference are used to differentiate between plots of the same unique owner on that Land Plan from west to east.

3.1.4 The description of each plot of land includes language which references the principal land use power(s) sought in the draft DCO in respect of that plot. Table 3.2 below is provided to explain the relationship between this Book of Reference, the draft Development Consent Order (Application Document Reference: TR010040/APP/3.1), and the Land Plans (Application Document Reference: TR010040/APP/) and to clarify the powers sought in relation to compulsory acquisition and temporary possession.

### 3.2 How to use this Book of Reference

The table below provides a step by step guide to enable any person with an interest in the land to identify how the Applicant’s proposals may affect the land in which they have an interest.

3.2.1

<b>Table 3.2 - How to use this Book of Reference</b>
<b>Step One</b>
Look at the Land Plans (Application document 2.2) and find the area (plot(s)) of land in which you have an interest.
<b>Step Two</b>
Note the colour and the number of the plot(s).
Using table 3.1 above, the colour of the plot(s) will tell you of the purpose for which it is required.
<b>Step Three</b>
Use the plot(s) number to identify where the land is referred to in other DCO Application documents:
This Book of Reference – Which provides a brief description of each plot (including an approximate area measurement) and details of persons who own, lease or otherwise occupy or have an interest in the land.
The Statement of Reasons (Application Document Reference: TR010040/APP/4.1) – Particularly Annex A, which provides details of the purpose for which compulsory acquisition and temporary possession powers are sought and references each plot in the Book of Reference to these purposes.
The draft Development Consent Order (DCO) (Application Document Reference: TR010040/APP/3.1) – Which contains the powers needed to carry out a scheme and includes the powers of compulsory acquisition to assemble the land and rights required that are listed in Table 3.1.
