To Interested Parties and Statutory
Parties invited to the Preliminary
Meeting

Your Ref:

Our Ref: TR010040

Date: 22 June 2021

Dear Sir / Madam

**The Planning Act 2008 – Section 89 and The Infrastructure Planning
(Examination Procedure) Rules 2010 (Examination Rules) – Rule 8 and
Rule 17**

**Application by Highways England for an Order Granting Development
Consent for the A47 Blofield to North Burlingham project**

**Procedural Decision to close the Preliminary Meeting in writing,
Examination Timetable, Procedure and further information requested
under Rule 17 of the Examination Rules**

This letter provides you with the Examination Timetable and other important
information about the Examination.

The project page of the [National Infrastructure Planning website](#) contains all
documentation associated with this project, including a note and digital recording of
the Preliminary Meeting.

Procedural Decision on the Preliminary Meeting

I write further to my Rule 6 letter dated 27 April 2021. Having considered the
submissions made at Procedural Deadline B, I have decided that there are no
further procedural matters which need to be explored orally. As a result, and in
accordance with paragraph 7.5 of the Planning Inspectorate's Advice Note 8.6
'Virtual Examination Events', I am satisfied that there is no need to reconvene the
Preliminary Meeting and have made the Procedural Decision to close the meeting in
writing, effective immediately.

This means that a virtual meeting (Preliminary Meeting Part 2) will no longer be
held and the Examination will start on 22 June 2021.

The Examination Timetable

I have made a Procedural Decision about the way the application will be examined. The final Examination Timetable is attached at **Annex A**.

The Examination Timetable replaces the draft timetable that was included in my [Rule 6 letter](#), your invitation to the Preliminary Meeting, dated 27 April 2021. In finalising the Examination Timetable, I have sought to accommodate requests and suggestions made at the Preliminary Meeting and in representations submitted at Procedural Deadlines A and B where possible.

In light of the representations received, I have moved: Deadline 4 to Thursday 9 September 2021; any hearings at Item 15 to the week commencing 8 November 2021; Deadline 7 to Thursday 18 November 2021; and Deadline 9 to Wednesday 15 December 2021. I consider the amended dates provide additional time for the receipt of materials whilst also allowing sufficient time for their consideration before subsequent deadlines and any hearings. After careful consideration and given the constraints of the need to examine the application within a six-month period, the dates reserved for hearings at Item 9 (week commencing 16 August 2021 and 1 to 3 September 2021), remain the same.

The Examination Timetable contains a number of deadlines for receipt of information by the Planning Inspectorate. All deadlines are at 23:59 on the date specified. Please ensure submissions arrive by the deadline. If you do not make your submissions by the dates specified in the timetable, I may disregard them.

I request that Interested Parties make their submissions through the electronic portal which will be made available on the project webpage ahead of the relevant deadlines. Electronic attachments should be clearly labelled with the subject title and not exceed 12MB. Providing links to websites where your submissions can be viewed is not acceptable. All submissions must be made in a format that can be viewed in full on the National Infrastructure Planning website. Any submissions that exceed 1500 words should be accompanied by a summary which should not exceed 10% of the original text.

If I consider it necessary to vary the Examination Timetable during the Examination, notification will be sent to Interested Parties and Statutory Parties. The changes will be published on the project page of the [National Infrastructure Planning website](#).

Further information requested by the Examining Authority (ExA) under Rule 17 of the Examination Rules

Environmental Statement Chapter 15: Cumulative Effects Assessment, Table 15-1, states that a cumulative assessment of climate has not been undertaken to avoid double counting traffic emissions. However, this does not account for other sources of emissions, for example, through the use of construction materials such as cement and the use of construction machinery as outlined in Design Manual for Roads and Bridges (DMRB) LA 114 Table 3.11.1.

Considering the requirements of the National Networks National Policy Statement and paragraphs 3.21.1 and 3.21.2 of DMRB LA 104 guidance applied to the cumulative assessment, can the **Applicant** either further justify an omission of cumulative effects on climate or provide such an assessment; this should include an appropriately justified study area with consideration of ongoing current challenges to cumulative climate change assessments.

The deadline for submission of this information is **Deadline 1 (6 July 2021)** in the Examination Timetable.

Other Procedural Decisions

Annex B contains important details and clarifications about other Procedural Decisions made at, or following, the Preliminary Meeting. These include:

- **Examination Timetable;**
- **Accompanied Site Inspection;**
- **Additional Submissions; and**
- **Further information requested by the ExA under Rule 17 of the Examination Rules.**

Written Representations

All Interested Parties are invited to submit any comments on the Relevant Representations already submitted by **Deadline 1 (6 July 2021)** and Written Representations by **Deadline 2 (20 July 2021)** in the Examination Timetable (**Annex A**).

Written Representations can cover any relevant matter and are not restricted to the matters set out in my Initial Assessment of Principal Issues discussed at the Preliminary Meeting and included in my [Rule 6 letter](#). Nor are they restricted to the content of my Written Questions, issued with my Rule 6 letter.

Any person, other than the Applicant, who submits a Written Representation must identify those parts of the application with which they agree and those parts with which they do not agree, explaining the reasons why¹. Interested Parties should also provide with their Written Representations "*the data, methodology and assumptions used to support their submissions*"².

I may request further written submissions at various points in the Examination.

Any Written Representations, and any other submissions which exceed 1500 words should also be accompanied by a summary. This summary, setting out the key facts in the submission, should not exceed 10% of the original text.

¹ Required under Rule 10(4) of The Infrastructure Planning (Examination Procedure) Rules 2010

² <https://www.gov.uk/government/publications/planning-act-2008-examination-of-applications-for-development-consent>

Examining Authority's Written Questions

I issued [Written Questions \(ExQ1\)](#), about the application and the representations received, with my Rule 6 letter.

Answers to my Written Questions must be provided by **Deadline 1 (6 July 2021)**, as set out in the Examination Timetable (**Annex A**).

If you require a hard copy of my Written Questions, please contact the Case Team. There may be a delay in posting these due to the current COVID-19 health restrictions. Please request as soon as you are able.

Hearings

The Examination Timetable at **Annex A** includes periods of time reserved for any hearings to be held, and I will notify all Interested Parties of any hearings scheduled as part of the Examination at least 21 days in advance of them taking place. That notification will include an additional deadline for Interested Parties to inform the case team if they wish to attend the notified hearing(s).

Notifications of a wish to participate in an Open Floor Hearing or Compulsory Acquisition Hearing must be received by **Deadline 1 (6 July 2021)**. The Examination Timetable also includes periods of time reserved for any hearings to be held after the first set of hearings.

Annex C provides details about what Interested Parties should include in a request to be heard at a hearing, and the procedure that will be followed at hearings.

Accompanied Site Inspection

The week commencing **4 October 2021** is reserved for an Accompanied Site Inspection (ASI), if I feel it is necessary and subject to any COVID-19 restrictions. Information about a potential ASI is contained in **Annex B**.

Availability of application documents and representations submitted to the Examination

The project page of the National Infrastructure Planning website contains all [documentation, audio and visual recordings](#) associated with the examination.

These documents are listed in in the Examination Library. **Annex D** provides advice on how to use the library.

Annex D provides details of locations in the vicinity of the Proposed Development at which all Examination documents can be viewed electronically, free of charge.

Your status in the Examination

You have received this letter because you fall within one of the groups described in this [FAQ document](#). If your reference number begins with '2002', 'A47B-AFP',

'A47B-S57' or 'A47B-APP' you are in Group A. If your reference number begins with 'A47B-SP' you are in Group B. If you are unsure about your status, please contact the Case Team using the details at the top of this letter.

Anyone not in these categories can sign up to email notifications³. I recommend everyone registers for the email notification service as it provides email updates of when the Examination reaches key milestones and the publication of key documents.

Award of costs

An award of costs could be made against parties who behave unreasonably. This includes delaying the submission of requested information. To assist understanding of what 'unreasonable behaviour' means in the context of an Examination under the Planning Act 2008, see the government guidance 'Awards of costs: examinations of applications for development consent orders' (July 2013)⁴.

Management of information

The Planning Inspectorate has a commitment to transparency. Therefore, all information submitted for this project (if I accepted it) and a record of any advice which has been provided, is published the project page of the National Infrastructure Planning website. Computers are available to view our website at the locations listed in **Annex D**.

In the interest of facilitating an effective and fair examination, I consider it necessary to publish some personal information. To find out how we handle your personal information, please view our [Privacy Notice](#).

I look forward to working with all parties in the examination of this application.

Yours faithfully

Alex Hutson

21	Close of Examination	Wednesday 22 December 2021

Publication dates

All information received will be published on the project page of the National Infrastructure Planning website as soon as practicable after each deadline for submissions.

Hearing agendas

I will aim to publish a draft agenda for each hearing on the project page of the [National Infrastructure Planning website](#) five working days before the hearing date. The actual agenda on the day of each hearing is subject to change at my discretion.

Report on the Implications for European Sites

Where the Applicant has provided a No Significant Effects Report or a Habitats Regulations Assessment (HRA) Report with the DCO application, the ExA may decide to issue a Report on the Implication for European Sites (RIES) during the Examination. The RIES is a factual account of the information and evidence provided to the ExA on HRA matters during the Examination up to the date of the publication of the RIES, for the purposes of enabling the Secretary of State, as competent authority, to undertake its HRA. It is not the ExA's opinion on HRA matters. Comments on the RIES will be invited by the ExA and any received will be taken into account as part of the ExA's Recommendation to the relevant Secretary of State.

The Secretary of State may rely on the consultation on the RIES to meet its obligations under Regulation 63(3) of the Habitats Regulations¹.

¹ The Conservation of Habitats and Species Regulations 2017

Procedural Decisions made by the Examining Authority

I have made a number of Procedural Decisions following the Preliminary Meeting¹:

1. Examination Timetable

I have moved: Deadline 4 to Thursday 9 September 2021; any hearings at Item 15 to the week commencing 8 November 2021; Deadline 7 to Thursday 18 November 2021; and Deadline 9 to Wednesday 15 December 2021. I consider the amended dates provide additional time for the receipt of materials whilst also allowing sufficient time for their consideration before subsequent deadlines and any hearings.

After careful consideration and given the constraints of the need to examine the application within a six-month period, the weeks reserved for hearings at Item 9, in the week commencing 16 August 2021 and 1 to 3 September 2021, remain the same.

2. Accompanied Site Inspection (ASI)

Time has been reserved in the Examination Timetable to undertake an ASI in week commencing **4 October 2021**. The format and detail of this will depend on the Government's public health restrictions relating to the COVID-19 pandemic in force at the time. If restrictions have been lifted, I may be able to be accompanied by registered parties. If restrictions remain, attendance may be limited and socially distanced; I may visit unaccompanied (with all necessary consents in place); or I may need to hold a virtual site inspection using photography or technology. I will release details nearer to the time.

The Examination Timetable at **Annex A** requests the Applicant to submit a draft itinerary for the ASI, at **Deadline 2 (20 July 2021)**. This will be based on suggested locations and supporting justification submitted at **Deadline 1 (6 July 2021)**. There is an opportunity for all parties to comment on the draft itinerary by **Deadline 3 (3 August 2021)**.

Please confirm your wish to attend the ASI by **Deadline 1 (6 July 2021)**.

Interested Parties should be aware that ASIs are not an opportunity to make any oral representations about the Proposed Development. However, I may invite participants to indicate specific features or sites of interest.

3. Additional Submissions

Following the issue of my Rule 6 letter, I have exercised my discretion to accept a number of Additional Submissions. These have been published on the project page of the National Infrastructure Planning website (references [AS-017 to AS-020]) and are from the following:

- GTC Pipelines Limited;
- Defence Infrastructure Organisation;

¹ Section 89(1) of the Planning Act 2008

- Cadent Gas Limited; and
- John Randlesome

4. Further information requested by the ExA under Rule 17 of The Infrastructure Planning (Examination Procedure) Rules 2010

Environmental Statement Chapter 15: Cumulative Effects Assessment, Table 15-1, states that a cumulative assessment of climate has not been undertaken to avoid double counting traffic emissions. However, this does not account for other sources of emissions, for example, through the use of construction materials such as cement and the use of construction machinery as outlined in Design Manual for Roads and Bridges (DMRB) LA 114 Table 3.11.1.

Considering the requirements of the National Networks National Policy Statement and paragraphs 3.21.1 and 3.21.2 of DMRB LA 104 guidance applied to the cumulative assessment, can the **Applicant** either further justify an omission of cumulative effects on climate or provide such an assessment; this should include an appropriately justified study area with consideration of ongoing current challenges to cumulative climate change assessments.

The deadline for submission of this information is **Deadline 1 (6 July 2021)** in the Examination Timetable.

Requests to appear and procedure to be followed at hearings

The Examination Timetable at **Annex A** reserves periods of time for a series of hearings to be held. The periods of time are the week commencing 16 August 2021, 1 to 3 September 2021 and the week commencing 8 November 2021.

Requests to appear at hearings

Interested Parties are required to notify the Examining Authority (ExA) in writing of their wish to take part in an Open Floor Hearing (OFH) or Compulsory Acquisition Hearing (CAH). I remind Interested Parties of the Procedural Decision issued with my Rule 6 letter requesting notification from Interested Parties in this regard on or before **Deadline 1 (6 July 2021)** of the Examination Timetable.

If no written requests to take part in an OFH or CAH are received by the above deadline, I am not required to hold such a hearing, although I may choose to do so nonetheless.

I may also choose to hold Issue Specific Hearings (ISH) about topics that I think need to be explored orally.

The time, date and place of any confirmed hearing will be notified in writing to all Interested Parties, providing at least 21 days' notice.

If an Interested Party wishes to attend an OFH or ISH they should indicate which topics in their Relevant Representation or Written Representation they wish to address at the hearing. Similarly, any Affected Person wishing to attend a CAH should identify clearly the plots of land about which they wish to speak.

Notifications from Interested Parties in respect of the above should be sent separately from any other written submission, and appropriately titled to allow me to quickly identify which event the notification relates to.

Procedure at hearings

The procedure to be followed at hearings is set out in The Infrastructure Planning (Examination Procedure) Rules 2010¹. Any oral representations must be based on either the Relevant Representation or Written Representation made by the person by whom, or on whose behalf, the oral representations are made.

The ExA is responsible for the oral questioning of a person giving evidence and the process affords very limited scope to allow cross-questioning between parties². My examination will be principally undertaken through the exchange of written submissions, and we will decide whether a hearing on a particular issue or topic is necessary. This decision is not connected to how relevant or important I consider an issue or topic to be.

¹ Rule 14

² Rule 14(5)

Hearing agendas

I will aim to publish a draft agenda for each hearing on the project page of the [National Infrastructure Planning website](#) at least five working days in advance of the hearing date. The actual agenda on the day of each hearing may be subject to change at my discretion.

Availability of representations and Examination documents

The project webpage of the National Infrastructure Planning website contains the [Application documents and Relevant Representations](#).

All further documents submitted during the Examination will be published at the above location.

For ease of navigation, please refer to the [Examination Library](#) (EL) which is accessible via a blue button under the 'Documents' tab. The EL is updated regularly throughout the Examination.

The EL records and provides a hyperlink to:

- each application document;
- each representation made to the Examination; and
- each Procedural Decision made by the Examining Authority.

Each document is given a unique reference which will be fixed for the duration of the Examination. A hyperlink to each document on the project webpage is also provided. Please use the unique reference numbers applied in the EL when referring to any Examination Documents in any future submissions that you make.

Documents can be viewed electronically, free of charge, at the following locations. Please note that you may need to bring a form of identification to use a computer at these locations.

Electronic deposit locations

Documents can be viewed electronically, free of charge, at the following locations. Check with the location before you leave to confirm opening times, and whether you need to register as a library member in order to use a computer.

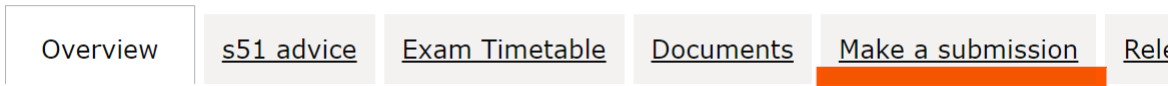

You'll want to consider the impact from the coronavirus public health requirements, please check the current circumstances with the relevant location before you attend.

If you require a hard copy of the application documents, please contact the Applicant:
A47BlofieldtoNorthBurlinghamRIS@highwaysengland.co.uk
0303 123 5000.

Submission of documents

The Examination Timetable has deadlines for submitting relevant information. You can submit documents through the project webpage of the National Infrastructure Planning website using the 'Make a submission' portal. You may also use email or letters, these will take longer to process so please submit as early as you can.

The portal separates submissions by date and type of submission, using drop-down menus. There is an 'other' option if you are not able to separate your submission into one of the categories.

- Electronic attachments should be clearly labelled with the subject title and not exceed 50MB.
- The Planning Inspectorate cannot accept links to websites.
- All submissions must be made in a format that can be viewed in full on our website. For example, Word, PDF, presentations.

If your submission exceeds 1500 words, please include a summary which is less than 10% of the original text. The Planning Inspectorate has found that readers can access your main points more quickly, before reading the details.

Please contact a member of the case team if you have any questions:
A47BlofieldtoNorthBurlingham@planninginspectorate.gov.uk
