Dear Sir or Madam

**Great Yarmouth Third River Crossing Stage 3 Statutory Consultation
Pre-application Consultation under Section 47 of the Planning Act 2008**

I am writing to invite you to participate in Norfolk County Council's (NCC's) consultation on the Great Yarmouth Third River Crossing.

Why are we consulting?

Norfolk County Council intends to build a new bridge across the River Yare to link the A47 at the Harfrey's Roundabout in the Southtown area of Great Yarmouth to the South Denes area and the enterprise zone on the other side of the river.

On 26 February this year, the Secretary of State for Transport confirmed that the Third River Crossing is a nationally significant project. As a result, Norfolk County Council needs to make an application for a Development Consent Order (DCO) to progress the project with the intention to start building the new bridge in late 2020.

The scheme is an Environmental Impact Assessment (EIA) development, as defined by the Infrastructure Planning (EIA) Regulations 2017. It will therefore require environmental impact assessment under the EIA Regulations and an Environmental Statement (ES) will accompany the application for a DCO.

As part of the DCO application process Norfolk County Council is required to carry out a pre-application consultation, which will run from Monday 20 August to Friday 5 October 2018. This consultation will give you an opportunity to see and comment on the latest proposals for the bridge and consider any potential impacts it may have on you, your local community and the area as a whole.

Continued.../

This consultation could be the last opportunity to comment on proposals for the Third River Crossing prior to the application for a DCO. However, should the application be accepted there will be the opportunity for people to register with the Planning Inspectorate (which deals with planning applications for nationally significant infrastructure projects), and provide a written summary of their views on our application. This will enable them to become an Interested Party and be able to participate in the subsequent public examination, which forms part of every DCO application and helps the Planning Inspectorate determine whether to grant or refuse development consent.

How to take part in this consultation

We're keen to receive your views on our proposals for the Third River Crossing and have tried to make it easy for you to find out more and respond, both in person and over the internet. Details of how you can do this are on the enclosed leaflet.

A Consultation Report will be produced to accompany the DCO application as required by the Planning Act 2008, and will include an explanation of how the comments received from the consultation have helped to influence the scheme proposals.

The deadline for receipt of comments to this consultation is 23:59hrs on Friday 5 October 2018.

Yours faithfully

Dear Parish Clerk

**Great Yarmouth Third River Crossing Stage 3 Statutory Consultation
Pre-application Consultation under Section 47 of the Planning Act 2008**

I am writing to invite you to participate in Norfolk County Council's (NCC's) consultation on the Great Yarmouth Third River Crossing.

Why are we consulting?

Norfolk County Council intends to build a new bridge across the River Yare to link the A47 at the Harfrey's Roundabout in the Southtown area of Great Yarmouth to the South Denes area and the enterprise zone on the other side of the river.

On 26 February this year, the Secretary of State for Transport confirmed that the Third River Crossing is a nationally significant project. As a result, Norfolk County Council needs to make an application for a Development Consent Order (DCO) to progress the project with the intention to start building the new bridge in late 2020.

The scheme is an Environmental Impact Assessment (EIA) development, as defined by the Infrastructure Planning (EIA) Regulations 2017. It will therefore require environmental impact assessment under the EIA Regulations and an Environmental Statement (ES) will accompany the application for a DCO.

As part of the DCO application process Norfolk County Council is required to carry out a pre-application consultation, which will run from Monday 20 August to Friday 5 October 2018. This consultation will give you an opportunity to see and comment on the latest proposals for the bridge and consider any potential impacts it may have on you, your local community and the area as a whole.

Continued.../

This consultation could be the last opportunity to comment on proposals for the Third River Crossing prior to the application for a DCO. However, should the application be accepted there will be the opportunity for people to register with the Planning Inspectorate (which deals with planning applications for nationally significant infrastructure projects), and provide a written summary of their views on our application. This will enable them to become an Interested Party and be able to participate in the subsequent public examination, which forms part of every DCO application and helps the Planning Inspectorate determine whether to grant or refuse development consent.

How to take part in this consultation

We're keen to receive your views on our proposals for the Third River Crossing and have tried to make it easy for you to find out more and respond, both in person and over the internet. Details of the Proposed Scheme and how you can respond are detailed on the enclosed consultation leaflet, brochure and questionnaire.

A Consultation Report will be produced to accompany the DCO application as required by the Planning Act 2008, and will include an explanation of how the comments received from the consultation have helped to influence the scheme proposals.

The deadline for receipt of comments to this consultation is 23:59hrs on Friday 5 October 2018.

Yours faithfully

Project Engineer
