**Great Yarmouth Third River Crossing -
Proposed application for development consent
Extension of deadline for responses**

The Notice published on 24 August 2018 gave notice that Norfolk County Council ('The Council') of County Hall, Martineau Lane, Norwich NR1 2DH proposed to apply to the Secretary of State under Section 37 of the Planning Act 2008 for an order granting development consent for the Great Yarmouth Third River Crossing ('The Third River Crossing').

The Third River Crossing will be EIA development for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations. It will therefore require environmental impact assessment and an Environmental Statement will accompany the application for a Development Consent Order. Details of the scheme proposals, including preliminary environmental information in the form of a Preliminary Environmental Information Report (PEIR), were previously made available for inspection between 20 August 2018 and 5 October 2018. However, the Council has become aware that Volume II of the published PEIR omitted 21 figures (plans). These figures are now being made available as detailed below.

In light of the missing figures now being made available, the deadline for responses to this consultation has been extended to 23:59hrs on Sunday 9 December 2018. The Council will welcome responses to any aspect of the Third River Crossing proposals, not just the missing figures.

The missing figures, together with the previously published consultation documents, including scheme details and preliminary environmental information, are available for inspection free of charge between 22 October 2018 and 9 December 2018 at the locations below. These documents can also be viewed free of charge on Norfolk County Council's website: - www.norfolk.gov.uk/3rc.

It will therefore require environmental impact assessment and an Environmental Statement will accompany the application for a Development Consent Order. Details of the scheme proposals, including preliminary environmental information in the form of a Preliminary Environmental Information Report (PEIR), were previously made available for inspection between 20 August 2018 and 5 October 2018. However, the Council has become aware that Volume II of the published PEIR omitted 21 figures (plans). These figures are now being made available as detailed below.

In light of the missing figures now being made available, the deadline for responses to this consultation has been extended to 23:59hrs on Sunday 9 December 2018. The Council will welcome responses to any aspect of the Third River Crossing proposals, not just the missing figures.

The missing figures, together with the previously published consultation documents, including scheme details and preliminary environmental information, are available for inspection free of charge between 22 October 2018 and 9 December 2018 at the locations below. These documents can also be viewed free of charge on Norfolk County Council's website: - www.norfolk.gov.uk/3rc.
