Dear Sir/ Madam

The Planning Act 2008 – Section 89 and The Infrastructure Planning (Examination Procedure) Rules 2010 – Rule 8 etc

Application by Norfolk County Council for an Order Granting Development Consent for the Great Yarmouth Third River Crossing

Examination Timetable and procedure

This letter provides you with the Examination Timetable, details of the publication of the Examining Authority's (ExA) Written Questions and other important information about the Examination.

All documentation associated with this project, including a note of the Preliminary Meeting and the audio recording taken at that meeting, can be found using this link:

<https://infrastructure.planninginspectorate.gov.uk/projects/Eastern/Great-Yarmouth-Third-River-Crossing/>

The Examination Timetable

I have made a Procedural Decision about the way the application will be examined. The final Examination Timetable is attached at **Annex A**.

The Examination Timetable replaces the draft timetable that was included in the Rule 6 letter dated 29 August 2019¹. In finalising the Examination Timetable, I have sought to accommodate requests and suggestions made at the Preliminary Meeting and in representations submitted in advance of that meeting.

Please note that the Examination Timetable contains a number of deadlines for receipt of information by the Planning Inspectorate. All deadlines are 23:59 on the date specified. Please ensure submissions arrive by the deadline. If you do not make your submissions by the dates specified in the timetable, I may disregard them.

¹ Your invitation to the Preliminary Meeting

I request that Interested Parties send, where practicable, electronic copies of their submission as email attachments to the project mailbox (GYTRC@planninginspectorate.gov.uk) on or before the applicable deadline.

Electronic attachments should be clearly labelled with the subject title and not exceed 12MB for each email. Providing links to websites where your submissions can be viewed is not acceptable. All submissions must be made in a format that can be viewed in full on the National Infrastructure Planning website. Any submissions that exceed 1500 words should also be accompanied by a summary; this summary should not exceed 10% of the original text.

If I consider it necessary to vary the Examination Timetable during the Examination, notification will be sent to Interested Parties and any other party invited to the Preliminary Meeting. The changes will be published on the Great Yarmouth Third River Crossing project page of the National Infrastructure Planning website.

The Applicant has requested slight changes to the timetable, which are outlined in the notes of the Preliminary Meeting, which were not objected to by other parties. I have made a Procedural Decision to make changes to the Examination Timetable, as set out in Annex A and Annex B, item 1.

Other Procedural Decisions

Annex B contains important details and clarifications about my other Procedural Decisions made at, or following, the Preliminary Meeting. These include:

- **Examining Authority's Written Questions;**
- **Statements of Common Ground (SoCG);**
- **Local Impact Reports (LIRs);**
- **Habitats Regulations Assessment;** and
- **Accompanied Site Inspection (ASI);**

Written Representations

All Interested Parties are now invited to submit Written Representations and any comments on the Relevant Representations already submitted. These should be submitted by **Deadline 1** in the Examination Timetable (**Annex A**).

Written Representations can cover any relevant matter and are not restricted to the matters set out in my Initial Assessment of Principal Issues discussed at the Preliminary Meeting and included in my Rule 6 letter². Nor are they restricted to the content of my Written Questions (see next heading, below).

Any person, other than the Applicant, who submits a Written Representation must identify those parts of the application with which they agree and those parts with which they do not agree, explaining the reasons why³. Interested Parties should also

³ Required under Rule 10(4) of The Infrastructure Planning (Examination Procedure) Rules 2010

provide with their Written Representations "*the data, methodology and assumptions used to support their submissions*"⁴.

Further written submissions will be requested by the ExA at various points in the Examination.

Any Written Representations, and any further written submissions requested by the ExA in the course of the Examination which exceed 1500 words should also be accompanied by a summary which should not exceed 10% of the original text. The summary should set out the key facts of the written submission and must be representative of the submission made.

ExA's Written Questions

I have compiled Written Questions (WQ) about the application and the representations received so far. These questions are published on the National Infrastructure Planning website and can be accessed through the following link:

<http://infrastructure.planninginspectorate.gov.uk/document/TR010043-000688>

Answers to my WQs must be provided by **Deadline 2** in the Examination Timetable (**Annex A**).

If you require a hard copy of my WQs, please contact the Case Team who will send you a copy.

Hearings

I have decided to hold a series of hearings the week commencing 18 November 2019. The details of the types of hearings to be held, as well as timings and locations, will be notified in due course. **Annex C** includes details about what Interested Parties should include in a request to be heard at a hearing and the procedure that will be followed at hearings.

The dates of these hearings are also confirmed in the Examination Timetable at **Annex A**.

Site Inspection

Information about the Accompanied Site Inspection, scheduled to take place on **Tuesday 19 November**, is also contained in **Annex B**.

In also enclose, in **Annex E**, a note of the Unaccompanied Site Inspection which I undertook on Tuesday 24 September 2019.

Your status in the Examination

This letter has been sent to you because you (or the body you represent) fall within one of the categories in s88(3) of the Planning Act 2008 (PA2008).

If you have made a Relevant Representation, have a legal interest in the land affected by the application, or are a relevant Local Authority where the development is proposed within your boundary (reference numbers beginning with, 'GYRM-AFP', 'GYRM-S57' or '2002'), you have a formal status as an Interested Party in the Examination. Interested Parties will receive notifications from the Planning Inspectorate about the Examination throughout the process and may make written and oral submissions regarding the application.

If you are a Statutory Party (i.e. body specified in the relevant regulations supporting the PA2008) or a Local Authority bordering the Local Authorities in which the development is proposed; but have not made a Relevant Representation (reference number beginning with 'GYRM-SP') you will not automatically be an Interested Party. However, you do have a further opportunity to notify the ExA that you wish to be treated as an Interested Party by Deadline 1, see **Annex A**.

If you are not sure whether you are an Interested Party, please contact the Case Manager using the details at the top of this letter. Information regarding the formal infrastructure.planninginspectorate.gov.uk 5 status of Interested Parties and how you can get involved in the process is set out in the Planning Inspectorate Advice Note 8 Series on the National Infrastructure Planning website:

<https://infrastructure.planninginspectorate.gov.uk/legislationandadvice/advice-notes/>

Award of costs

You should be aware of the possibility of the award of costs against parties who behave unreasonably.

To assist understanding of what 'unreasonable behaviour' means in the context of an Examination under the PA2008, you may find it helpful to read the government guidance 'Awards of costs: examinations of applications for development consent orders' (July 2013)⁵. It is in everyone's interest that information is brought forward as early as possible in the examination process so you are encouraged to do so.

All Examination documents can also be viewed electronically at the locations listed in **Annex D**.

Please note that in the interest of facilitating an effective and fair examination, we consider it necessary to publish some personal information. To find out how we handle your personal information, please view our Privacy Notice.

I look forward to working with all parties in the examination of this application.

Yours faithfully

Publication dates

All information received will be published on the project page of the National Infrastructure Planning website as soon as practicable after each deadline for submissions.

Hearing agendas

We will aim to publish a draft agenda for each hearing on the project page of the National Infrastructure Planning website at least five working days in advance of the hearing date. The actual agenda on the day of each hearing may be subject to change at the discretion of the ExA.

Report on the Implications for European Sites (RIES)

As the applicant has submitted a Habitats Regulations Assessment report entitled 'Information to Inform the Habitats Regulations Assessment' (Document 6.11) with the application, the ExA may decide to issue a RIES during the Examination. The RIES is a factual account of the information and evidence provided to the ExA on HRA matters during the Examination up to the date of the publication of the RIES, for the purposes of enabling the Secretary of State, as competent authority, to undertake its HRA. It is not the ExA's opinion on HRA matters. Comments on the RIES will be invited by the ExA and any received will be taken into account as part of the ExA's Recommendation to the relevant Secretary of State.

The Secretary of State may rely on the consultation on the RIES to meet its obligations under Regulation 63(3) of the Habitats Regulations¹ and/ or Regulation 28 of the Offshore Marine Regulations.

¹ The Conservation of Habitats and Species Regulations 2017

Procedural Decisions made by the Examining Authority

I have made a number of Procedural Decisions following the Preliminary Meeting⁷:

1. Examination Timetable

Having carefully considered the representations made at the Preliminary Meeting on 24 September 2019, I have made a Procedural Decision to apply four changes to the draft Examination Timetable at Annex C to the Rule 6 letter dated 29 August 2019.

The applied changes are:

- Additional requirements for the Applicant to submit an updated Book of Reference and Statements of Common Ground have been added at Deadlines 2 and 6.
- To move Deadline 3 back one day to Thursday 28 November 2019 (replacing Wednesday 27 November 2019). To allow parties sufficient time to comment on the Deadline 3 submissions by Deadline 4 I have also made a Procedural Decision to move Deadline 4 back, also by one day, to Wednesday 11 December 2019 (replacing Tuesday 10 December 2019). Furthermore, I have made a Procedural Decision to move the date of the issue of my second questions back by one day to Wednesday 18 December 2019 (replacing Tuesday 17 December 2019).
- To move Deadline 6 back a week to Tuesday 11 February 2020 (replacing Tuesday 4 February) to allow additional time following any January hearings that may be held. As a result, Deadline 7 has also been moved back to Tuesday 25 February 2020 (replacing Tuesday 18 February 2020).
- Request for comments on the Applicant's draft ASI itinerary added to Deadline 2.

I note the Applicant's request for Deadline 3 to be moved to Friday 29 November 2019, however this will have a knock-on effect on Deadline 4 and the second set of written questions and will move them further towards the Christmas and New Year period. Therefore, to avoid too much disruption over that period the deadline has only been moved back one day. Parties are asked to note that many of the submissions due at Deadline 3 are responses to submissions at Deadline 2, which is over five weeks before the Deadline 3.

The applicant's request for an additional dDCO hearing later in the process is noted. Another hearing can be accommodated in the provisional January meetings if required.

2. Examining Authority's Written Questions

<http://infrastructure.planninginspectorate.gov.uk/document/TR010043-000688>

All relevant Statutory Parties will receive this correspondence and I request for each to check my WQs carefully in order that they may identify and respond to any

⁷ Section 89(1) of the Planning Act 2008

questions posed to them. No party should feel inhibited or restricted in responding to any question I ask, even if it is directed elsewhere.

For the avoidance of doubt, Statutory Parties are defined as the parties listed in Schedule 1 to The Infrastructure Planning (Interested Parties and Miscellaneous Prescribed Provisions) Regulations 2015⁸.

3. Statements of Common Ground (SoCG)

The Applicant is taking the lead in the preparation of SoCGs and it will aid the smooth running of the Examination if all Interested Parties who are participating in the preparation of SoCGs liaise and co-operate with the Applicant in respect of their production. Final signed versions of the SoCGs listed below are requested to be submitted by **8 October 2019** (Deadline 1, **Annex A**).

- A. **Natural England**
- B. **Historic England**
- C. **Environment Agency**
- D. **Norfolk County Council**
- E. **Great Yarmouth District Council**
- F. **Great Yarmouth Port Company/Peel Ports**
- G. **Highways England**
- H. **Perenco**
- I. **ASCO**
- J. **MMO**
- K. **Royal Yachting Association**

The Applicant questioned the need for a multilateral SoCG. I am satisfied that the above statements of common ground and the updated Book of Reference and negotiation tracker will address the issues and therefore no multilateral SoCG is required.

All of the SoCGs listed above should cover the Articles and Requirements in the draft DCO. Any Interested Party seeking for an Article or Requirement to be reworded should provide in the SoCG the form of words which are being sought.

Where a particular SoCG cannot be agreed between the parties by Deadline 1, or in so far as any local authority position represents an officer level view only, draft versions of that SoCG are requested to be submitted **by the Applicant** to Deadline 1, with a view to agreeing it by Deadline 2. The position of the relevant Interested Parties should then be confirmed in the course of the Examination.

⁸ <https://infrastructure.planninginspectorate.gov.uk/legislation-and-advice/legislation/>

The content of SoCGs is necessary to help inform me as to the need to hold any Issue Specific Hearings in January, and to enable me and the Applicant to give notice of such hearings at least 21 days in advance of them taking place.

4. Local Impact Reports (LIRs)

A LIR is a report in writing giving details of the likely impact of a Proposed Development on a local authority's area (or any part of that area). For more information about the importance and content of LIRs see our Advice Note One: Local Impact Reports⁹.

Local authorities¹⁰ are invited to submit LIRs by 22 October 2019 (Deadline 2, **Annex A**).

5. Habitats Regulations Assessment

Under the Habitats Regulations¹¹, in order to inform the Secretary of State as the competent authority, certain information needs to be provided and consultation undertaken during the course of the Examination. The ExA notes the provision of a document entitled 'Information to Inform the Habitats Regulations Assessment' [APP-182] and questions relating to the content of this assessment have been raised in the Written Questions (WQ).

6. Accompanied Site Inspection (ASI)

Time has been reserved in the Examination Timetable to undertake an ASI on Tuesday 19 November.

The Applicant, Interested Parties and Statutory Parties are requested to submit requests for site inspections at specific locations; reasons for those requests; indications of the time required to access the land; a list of any special safety or other equipment required to access the land; and consent for the ExA and attendees to enter the land by 8 October 2019 (Deadline 1, **Annex A**). Persons making requests are asked to review the ExA's USI Notes (**Annex E**). The ExA will not normally agree to hold an ASI at a location that it has already inspected during a USI, unless there is a clear reason why an ASI is required.

Interested Parties requested to attend the ASI include representatives of the Applicant, Norfolk County Council and Great Yarmouth Borough council, together with any Interested Parties (or their representatives).

It may be necessary to limit the numbers of persons who accompany me for logistical and safety reasons, but it should be possible for arrangements to be made for Interested Parties (or their representatives) to join the inspection at specified locations within the itinerary. Please contact the Case Team if you wish to meet the inspection at a specific location within the itinerary, or at a new location, as proposed in your comments.

The final itinerary for the ASI will be published on the project page of the National Infrastructure Planning website on or before **12 November 2019**.

⁹ <https://infrastructure.planninginspectorate.gov.uk/legislation-and-advice/advice-notes/>

¹⁰ Defined in s56A of the Planning Act 2008

¹¹ The Conservation of Habitats and Species Regulations 2017

Interested Parties should be aware that **ASIs are not an opportunity to make any oral representations to the ExA about the Proposed Development.** However, I may invite participants to indicate specific features or sites of interest.

Requests to appear and procedure to be followed at hearings

The Examination Timetable reserves two periods of time for a series of hearings to be held, between Tuesday 19 November and Thursday 21 November 2019 and week commencing 27 January 2020.

At least one Issue Specific Hearing, dealing with the draft Development Consent Order, will be held between 19 and 21 November 2019. It may also be necessary to hold another in January 2020.

Please note that in respect of this Procedural Decision, I write to Interested Parties for information purposes only. This Procedural Decision does not affect the Examination Timetable in any way and Interested Parties other than the Applicant are not required to respond to it.

Requests to appear at hearings

Interested Parties are required to notify the Examining Authority (ExA) in writing of their wish to take part in an Open Floor Hearing (OFH) or Compulsory Acquisition Hearing (CAH). I remind Interested Parties of the Procedural Decision issued with the Rule 6 letter requesting notification from Interested Parties in this regard on or before 8 October 2019 (Deadline 1, **Annex A**).

If no written requests to take part in an OFH or CAH are received by the above deadline, I am not required to hold such a hearing; although I may choose to do so nonetheless.

I may also choose to hold Issue Specific Hearings (ISH) about topics that I think need to be explored orally.

The time, date and place of any confirmed hearing will be notified in writing to all Interested Parties, providing at least 21 days' notice.

If an Interested Party wishes to attend an OFH or ISH they should indicate which topics in their Relevant Representation or Written Representation they wish to address at the hearing. Similarly, any Affected Person wishing to attend a CAH should identify clearly the plots of land about which they wish to speak.

Notifications from Interested Parties in respect of the above should be sent separately from any other written submission, and appropriately titled to allow us to quickly identify which event the notification relates to.

Procedure at hearings

The procedure to be followed at hearings is set out in The Infrastructure Planning (Examination Procedure) Rules 2010¹². Any oral representations must be based on either the Relevant Representation or Written Representation made by the person by whom, or on whose behalf, the oral representations are made.

The ExA is responsible for the oral questioning of a person giving evidence and the process affords very limited scope to allow cross-questioning between parties¹³.

¹² Rule 14

¹³ Rule 14(5)

My examination will be principally undertaken through the exchange of written submissions, and we will decide whether a hearing on a particular issue or topic is necessary. This decision is not connected to how relevant or important I consider an issue or topic to be.

Hearing agendas

I will aim to publish a draft agenda for each hearing on the project page of the National Infrastructure Planning website at least five working days in advance of the hearing date. The actual agenda on the day of each hearing may be subject to change at the discretion of the ExA.

Availability of representations and application documents

All application documents and representations submitted to the Examination are available to view on the project page on the National Infrastructure Planning website:

<https://infrastructure.planninginspectorate.gov.uk/projects/eastern/great-yarmouth-third-river-crossing/?ipcsection=docs>

For ease of navigation, we recommend that you use the Examination Library (EL) which is accessible via a blue button under the 'Documents' tab. The EL is updated regularly throughout the Examination.

The EL records:

- each application document;
- each representation accepted to be read in conjunction with the Examination; and
- each Procedural Decision made by the Examining Authority.

Each document is provided with a unique reference which will be fixed for the duration of the Examination. A hyperlink to each document on the National Infrastructure Planning website is provided. **Please use the unique reference numbers applied in the EL when referring to any Examination documents in representations that you make.**

Documents can also be viewed electronically at the following locations close to the application site, free of charge. If you have difficulty accessing any documentation please contact the Case Team using the details provided at the top of this letter.

**Application for Development Consent for Great Yarmouth Third River Crossing****Case Ref: TR010043****Examining Authority's note of Unaccompanied Site Inspection on Tuesday 24 September 2019**

I undertook an unaccompanied site visit at 08:00 on Tuesday 24th September.

I initially travelled south along the A47 turning into William Adams Way. I proceeded to the Southtown Road junction and parked adjacent to Brighton Terrace. I then walked along Southtown Road as far north as the BP garage and then in a southerly direction towards the ASCO site and then back to my vehicle.

I later drove along Suffolk and Queen Anne's Roads before travelling northwards and crossing the river via Bridge Road. I then travelled south along the A1243. I parked in the vicinity of Barrack Road and walked south past the access to Fish Wharf as far as the Main Cross Road junction before returning.

I finished my site visit at approximately 08:45.
