Guide to the Application (Revision 3: Deadline 4 issue)	NCC/GY3RC/EX/051	Submitted pursuant to the Rule 8 letter.

Unfortunately, Revision 3 of the draft Development Consent Order has not been successfully validated due to an unforeseen software compatibility issue. We consider that the absence of successful SI validation does not affect the legibility of the DCO in any discernible way and no party to the examination would be prejudiced as a result. We will resolve the issues with the template for the next revision.

I trust the above is sufficient and in compliance with the information requested by the Examining Authority, however please do contact me if you require any additional information or if you need to discuss any of the points raised.

Yours sincerely,

Mark Kemp
