Hello Liam

Many thanks for reply

Re [REDACTED]

Just to reiterate comments made at Inspectorate meeting Wednesday 20th November 2019 in relation to required acquisition by Norfolk County Council.

No objections to compulsory purchase in principle only to the poor quality & handling of negotiations by NPS on behalf of Norfolk County Council.

After reading Government guideline booklets on Compulsory Purchases I feel this would be in everyone's best interests as there are rules set out which are to be adhered to.

Many Thanks
