

A428 Black Cat to Caxton Gibbet Road Improvement Scheme

Examination Library

Updated – 11 May 2022

This Examination Library relates to the A428 Black Cat to Caxton Gibbet Road Improvement Scheme application. The Examination Library lists each document that has been submitted to the Examination by any party, and the documents that have been issued by the Planning Inspectorate. All documents listed have been published to the National Infrastructure's Planning website and a hyperlink is provided for each document. A unique reference is given to each document; these references will be used within the Report on the Implications for European Sites and will be used in the Examining Authority's Recommendation Report. The documents within the Examination Library are categorised either by document type or by the Deadline to which they are submitted.

Please note the following:

- This is a working document and will be updated periodically as the Examination progresses.
- Advice under Section 51 of the Planning Act 2008 that has been issued by the Inspectorate, is published on the National Infrastructure Website but is not included within the Examination Library because such advice is a part of the Examination.
- This document lists documents from the point that the application was submitted.
- The order of documents within each sub-section is either chronological, numerical, or alphabetical and confers no priority or higher status on those that have been listed first.

TR010044 – A428 Black Cat to Caxton Gibbet Road Improvement Scheme

Examination Library - Index

Category	Reference
