A428 Black Cat to Caxton Gibbetscheme

**Date:**

---

Dear Sir / Madam

I wish to object to the above scheme.

The scheme will encourage more long-distance commuting and generate additional local trips in the area. This will have cause more congestion and bottlenecks on feeder roads and other roads in the area.

The Highways England webpage on the scheme does not include a cost estimate, but it is sure to be in the hundreds of millions. The country cannot afford a scheme that will ultimately create more problems.

Regards  
Mr Baxter
